Agents

Nuku Hiva Yacht Services

Island: Nuku Hiva

Yacht Services Nuku Hiva

BP 301 Taiohae

98742 Nuku Hiva

Polynesie Franciase

tel: +689 87 22 68 72 fax: +689 40 920 750

VHF 72

ysnukuhiva@hotmail.com

Kevin & Annabele

VHF Net Monday - Friday Opening at 0800 on 72 and then switching to 68.

10-2019 SV Longta We bought a pair of sails from Lee Sails in Hong Kong. We were in Nuku Hiva and we used Kevin (Nuku Hiva Yacht Services) as our agent. We used the "yacht in transit" process because of the value of the purchase. Everything was handled seamlessly and our sails arrived (earlier than originally quoted!) on the Aranui.

Iaorana Yacht Services

Island: Raiatea

Nathalie's info :

Iaorana Yacht Services

+689 87 34 90 79

nath@iaoranayachtservices.com

www.iaoranayachtservices.com

Boat keeping, laundry,
organization of repairs, importation of spare parts, bike rent (soon), any other
services on request.

Need a part while in the Leewards? Natalie is great at obtaining parts! (Jacaranda)

Highly recommended (SV Southern Comfort)

10-2019 SV Counting Stars

I just retired, and Nathalie at Iaorana Yacht Services took care and upgraded my US
flagged boat "Counting Stars " for the 18 months before I moved aboard 2 months
ago. She oversaw serious projects, such as repositioning my windlass, and simple
projects like switching to LED lights. Kept my boat safe from storms. I am very
satisfied with the service over an extended time, and highly recommend her service.

Emilie TROFLÉAU

Responsable Technico-commerciale

Bolloré Logistics Polynésie

Immeuble EPPV Fare Ute

98 713 Papeete

Tahiti - Polynésie Française
Tél. :(+689) 40 54 84 70

Mob. : (+689) 87 28 0715
Mail : emilie@amatransit.pf

Jean-Pierre was my initial contact and the person I dealt with face-to-face. He speaks pretty good English. He's either the owner or the Manager. I think Emilie did most of the leg work and I emailed back and forth with her for some details. I usually sent my inquiries to both of them. Jean-Pierre made the deliveries personally, though, dropping them off at the marina gate using his own car. I usually paid him in cash at the time of delivery, but also paid cash into an account at their bank directly across the street from the marina when some minor adjustments were necessary.

I did three imports with Bollore. The first was just an iPad that had gotten tangled up in red tape in the mail. Jean-Pierre did this for free, I think because I'd been personally referred to him by a mutual friend and because we'd already started discussing my bigger shipment. The second was house batteries, etc, amounting to about \$4500. The third was a new-used helm pedestal valued at about \$500. I'd say Bollore's fees on these worked out to about 5%. There were no hassles on any of these, only time and patience required, none due to delays that I would attribute to Bollore.

Actual shipping into Tahiti was out of Los Angeles through Vanguard at:

LALA FARAIMO JR.

South Pacific Islands Supervisor

Direct: (310) 604-2699 Fax: (310) 847-8008

Vanguard Logistics Services (USA), inc.

2665 E Del Amo Blvd Rancho Dominguez CA 90221

[LinkedIn](#) | vanguardlogistics.com

As I understand it Vanguard also used to act as an import agent here but, due to some bad actors among us cruisers, won't do that anymore and I only used their shipping service. Although the requirements for paperwork were a hassle, I had no trouble with Vanguard themselves at all.

Roy (SV Mabruka) 9-2018

Gondrand Transit & Voyages

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.541653

Longitude: -149.56863

[view in google maps](#)

Gondrand Transit & Voyages

We used Gondrand for both importing a battery charger and also importing the boat.

Battery charger was in customs less than 4 hours before I had it in hand!

The company is used by the majority of boats that want to import their vessel into French Polynesia. We can highly recommend them. (Jacaranda)

They are located very close to McDonalds in city center.

I have only dealt with them via email and phone - Yes importation was all handled via email and phone. (Jacaranda)

Poly Trans

Island: Tahiti

NOT recommended by numerous cruisers who used them and will never use them again. They do not process yacht in transit status and basically were very difficult to work with.

If using Vanguard in LA as the US shipper they give you an option of 2 agents to use.

Polynesia Yacht Services

Island: Tahiti

Polynesia Yacht Services (PYS)

Laurent Bernaert

Tel: (689) 87 77 12 30

polynesia.yacht.services@gmail.com

Excellent reports from numerous yachts that have used Laurent. Speaks English

10-2019 SV Amilie We first used PYS when Oyster retained him as yacht agent for the 2013/4 Oyster World Rally

We contacted him, again, when in Mexico before departing for Nuka Hiva last Spring 2018

PYS use Kevin (NHYS) in Nuka Hiva and our Fuel Duty Free Certificate were available on arrival, together with Kevin sorting out the paperwork for our entry in FP

Marina Taina seems to be pretty well booked up whatever time of year & we've met many cruisers who've been denied berths and moorings because fully booked. PYS have arranged our bookings and we've always been allocated a berth.

We were recommended Matt Rigging Services when in Marina Taina, again he seemed constantly booked up, when we contacted PYS we were on the schedule and it was worth the 10% fee charged for going through Laurent.

We've had occasion to import spares, new sails & a new generator over the past 18 months, each time PYS have sorted clearance at Customs and delivery to Marina Taina within 24 hours of goods arriving in Papeete Airport.

As an avid cigar smoker I found myself ordering cigars through PYS to fly them to Rangiroa. They were bought at wholesale, not retail, and even including the 10% buyers fee and freight to Rangiroa they were 30% cheaper than the shop in Papeete.

If you want to enjoy cruising these beautiful islands & minimise the time waiting for spares & services we highly recommend using PYS."

Handles the Oyster Rally when it comes thru.

Air Conditioning

R.E.G Climatisation

Island: Tahiti

R.E.G Climatisation
+689-87-33-99-77
<https://m.facebook.com/REG-%C3%89lectricit%C3%A9-Climatisation-Tahiti-1822164764483554/services/?ref...>
<https://electricien-tahiti-paea-reg.business.site/>

1-22 SV Sea Bear Today we returned to Marina Papeete from Fakarava, and on arrival at the dock, I looked in your guide for someone to take a look at our air conditioners which haven't worked for the past 18 months. I goggled on line and found R.E.G. climatisation. I can't remember the man's name but he was downtown and came to our boat within 20 minutes. He was a lovely local man who spoke only a little bit of english, but with google translate, we managed well to explain the issues. He had both aircons up and running within 2 hours, and his price was very reasonable. He was very professional and took his time to properly evaluate the units. Even went the extra mile to discuss possible future issues and what we could do about them should they arise. As well, he returned with a cannister of refrigerant for us to use at a future date if needed. He said he was happy to also consult online if we had any further issues. All in all a great experience and highly recommended!

Airlines / Airports

Air New Zealand

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Longitude: -149.567921

[view in google maps](#)

Ave du General de Gaulle

City side of Vaiama Center

Near LAN office.

Air Tahiti

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.53965

Longitude: -149.566922

[view in google maps](#)

Telephone 40 86 60 67

Office in Papeete is near the Market.

They have service to almost every island throughout FP. Prices are modest. If over sixty there is a discount card worth exploring. Flights are often booked up to a month ahead but changing or cancelling flights is a maximum of 1,000xpf so checking for cancellations is often fruitful. Luggage allowances are 7kg but a scuba c-card gets you a free extra 5kg and connections to international flight increases your allowance. The per kg extra baggage rates are very modest but your luggage may be sent along later.

What we do is

1. Check the Air Tahiti flight for space.
2. Book our international ticket
3. Bring a copy of our international flight to Air Tahiti so they can mark your ticket as an international flight. You are then allowed 20kgs (2016 Jacaranda)

Air Tahiti Nui

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: 17.539648

Longitude: -149.56692

view in google maps

This is the international part of Air Tahiti. They can be booked online and booked through a number of booking sites. Seats can only be reserved by going to the office. Plenty of English speaking staff.

They are adjacent to the Marie (City Hall) on the East side corner.
AirCalin

Island: Tahiti

New Caledonia airlines. Services islands in the South Pacific

<https://us.aircalin.com/en/the-company/the-fleet>

American Airlines (Extra Bags)

Island: Tahiti

American Airlines

We booked our tickets via AA and they ticketed us on Air Tahiti Nui.

2015

What surprised us was we were allowed 2 large bags each. The next year (2016)

I forgot and booked on Air Tahiti Nui and found we ended up paying extra for our second bag. So check the prices and baggage allowances before you book.

(Jacaranda)

24

French Bee

Island: Tahiti

French Bee is now flying into Papeete

Hawaiian Airlines

Island: Tahiti

They fly in on Sat. 1x a week

International Airport

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.556755

Longitude: -149.611411

view in google maps

The international airport in Tahiti is called Fa'a'a. It is a 15-minute drive away from the city center but there can be high traffic in the direction Airport->Papeete early in the morning up to 8am, and starting at around 3:30pm until 5pm in the direction Papeete->Airport.

Buses

Airport - Papeete

There is a bus stand directly across the street from the airport. Buses run randomly weekdays and Sat during the day.

Papeete - Airport

You can catch the bus near the central market. Mon-Sat during daylight hours

Taxis

There is a taxi stand right in front of the Papeete marina (the one in the city center) on the other side of the road very close to the Vaima shopping center next to the Rétro bar.

Depending on time of day taxi's from city center run about 20-25\$. Bags also contribute to cost. Also the number of people as well will increase the cost

LAN

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.540271

Longitude: -149.567822

[view in google maps](#)

Often has special rates to Rapa Nui. Go into the office to ask.

Address: Avenue du Maréchal Foch

Part of the Vaima Center on the city side of the center not the water side

Located close to the Cathedral

Especially cool is the festival that lasts 2 weeks in Rapa Nui that is terrific. We were able to book at the last minute and found a very good deal. We did go into the LAN office for the discounted airfare. Jacaranda
Quantas Airlines (Extra Bags)

Island: Tahiti

Quantas Airlines

We booked our tickets via Quantas to LAX and they ticketed us on Air Tahiti Nui.

2017-2018

What surprised us was we were allowed 2 large bags each. 50lbs each. Yet booking direct with Air Tahiti Nui allows only 1 checked bag. So check the prices and

baggage allowances before you book. (Jacaranda)

United Airlines

Island: Tahiti

United is now flying into Papeete

Alcohol

Ariki Noa Noa

Island: Tahiti

Ariki Noa Noa

Tahitian Import Export

They sell liquor in bulk and at discounted rates. You can buy a 10L drum of tasty rum for \$160/drum. There is no additional cost for the container. They only accept cash, but there is a Banco Socredo right next to their building.

Location is Zone Industrielle del la Punaruu.

Even though the containers look exactly alike (blue 10L drums) and they both have stickers, the rum inside and the cost is different when comparing Ariki Noa Noa to Tamure Rhum. The Ariki Noa Noa rum is smoother and does not have the typical bite that "Rhum" offers and you will save about \$15-\$20 per drum if you purchase at Ariki Noa Noa. Of course, it is not as convenient as Tamure Rhum which is located near Carrefour, but it is worth the drive for better tasting and cheaper rum

6-21 SV Sugar Shack recommendation

Bora Bora Bar Retro

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.539986

[view in google maps](#)

Bora Bora Bar.

Best happy hour in town and meal specials

Dinghy Bar

Island: Tahiti

At Marina Taina sell beer from the local micro brewery and 5 to 6pm beer is two for one.

Kim Fa SAS Papeete (Duty Free)

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.531355

Longitude: -149.568142

[view in google maps](#)

Kim Fa SAS

+689 40 54 56 00

Fare Ute next to Yune Tung. Close to Hotel Sarah Nui (across the small stream)

If you are checking your boat out of the country in Papeete, you can buy alcohol duty free at Kim Fa, a retailer in Papeete centre. They will bring the alcohol to the dock.

Les 3 Brasseurs

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.536231

Longitude: -149.568086

[view in google maps](#)

Lat/Long (-17.53618, -149.56792)

Les 3 Brasseurs in Papeete is a local brewery that has a decent selection of beers. on Monday nights beers and flat breads are half price.

Tamure Rhum (Rum in Bulk)

Island: Tahiti

Tamure Rhum(Rum in bulk)

Location: Juice stand by the Puinaaia Carrefour

Contact: 89 71 01 47 or FB Messenger.

More info at <https://m.facebook.com/profile.php?id=410835222429912> or

<https://tamurerhum.com/>

Local distillery making good quality local spirits and juices from locally grown sugar cane and fruits. Their bottles can be found in Carrefour and other grocery stores. They also have a sugar cane juice stand next to the Carrefour in Punaia (close to Taina) where they offer rum in bulk ('en vrac') in 5 and 10 liter jugs, as well as flavored rums. When buying in bulk, you get a significant discount off their white and dark rums - about 30% off. Call or message in advance to pick up your order at their stand. Cash only.

They also ship to other islands using maritime freight for a modest fee. We got our order in Fakarava on the Cobia, and paid through local bank transfer.

They speak OK English.

More info at <https://m.facebook.com/profile.php?id=410835222429912> or <https://tamurerhum.com/>

6-21 SV Sugar Shack

Tamure Rum is located at the juice stand across from Carrefour (Marina Taina) will also arrange for 10L drums of rum. They offer white rum 38 proof \$180/drum or 47 proof \$220/drum or Brown rum 38 proof at \$180/drum or 45 proof \$200/drum. The container is an additional \$500 and it usually takes a few days to get.

Alternator And Starter Repairs

Alternator and Starter Shop

Island: Tahiti

Galet

Small alternator and starter shop on Tapaerui road. No sign but look for row of white tour buses on the west side of road (right). The shop is behind the buses. Speaks no english but has a test bench and is knee deep in old parts. Would not charge to test alternator.

Sorry no phone.

Chan et Fils SARL

Island: Tahiti

Chan et Fils SARL

Patrick and Laurent Chan

Rebuild motors including starters and alternators.

In Fare Ute on side street next to Total. Just before the Mobil station on the port side of the street.

Does not speak English but using Google translate worked well

12-2020 SV Hedonsim

The location is as advertised in the TCG but you could possibly walk right by it. Suffice to say, do not look for a "storefront". It is a two man working shop. You enter through the garage door directly into the working shop. He does not speak English but very quickly pulls out his phone with Google Translate at the ready.

I brought in my Hitachi Alternator that Deiselec had first said a couple of months previous, "no parts" and then said cannot fix with out even looking at it. (tried to sell me a new one). Enipac said it would be next week before he could look at it. The next day I decided to email him asking him if there was any chance of getting it sooner as we were hoping to depart. That evening he emailed me 5 photos of my alternator including the problem (burnt diode) and the winding. There was also a photo of my alternator on the test bench. He advised that it would be ready the next day. He replaced the diode, repaired the windings and "baked it". Total cost was 15000xpf which I thought was reasonable.

My suggestion if you are going to visit, type out a note of what you want done including what you are bringing in (12 volt alternator, 80 amp) and what you would like done (trouble shoot, repair etc) and run Google Translate before you print it. It will make things easier.

I would not hesitate to return.

The anchorage around Tahiti Yacht club is generally in the twenty meter range. The club charges 1500xpf a week for the dingy dock and access to their hot water showers. They also have good clothes washing facilities. Carrefour is close and several food trucks come every night. Their moorings are rarely available and cost is high. You can take diesel but not water there but the maneuvering room is very tight (wouldn't recommend for a full keel boat for sure.) You can occasionally get an end tie for a day or two on one of their docks. WiFi is available from adjacent cafe.

12-2019 Current reports are there is no anchoring allowed near the club

2017- It was reported by Rob on Tiger Beetle that the Gendarme came by in their boat and told a area is not an anchorage. Ask at the club for further updates

MC import

Address:

204 allée Pierre Loti

Vallée de Titioro-Papeete

BP 140957-98701 ARUE

Tel: (689)40547954

Fax:(689)40547952

@: mcimport@mail.pf

BP 140957 - 98701 ARUE

contact name was Pierre and that he spoke good English.

This should be your first stop.

MC Imports is easy to spot, they have a large "MC Imports" sign under the apex of the metal clad warehouse, dark grey. It is on the right hand side going up/south on Avenue Pierre Loti. It is 50m beyond the short cross street called Pont de la Fautaua over the creek on your left. More precise position is 17 32.593S 149 33.205W.

The opening to the warehouse is on Pierre Loti.

About 500m beyond Carreira fabric store on the same road

Some Notes of Interest

Visited MC Imports today and saw the batteries they had there. The battery of interest to us is their WINNER SOLAR W6A. Sold by an Greek company VIOSY and said to be made in Korea. They knew the Trojan and said it was made in the same place but...no evidence. In every way it looks like a Trojan T105 even down to the caps and lifting lugs on the top of the box. Just is white not brown/red. It is a GC2 225Ah at the 20hour rate just like the T105. I have a cycles vs DOD graph too and it seems to outperform the T105 on that score. Case height is 9.75" and to top of stud is 10.50". Width and length are 7.13" and 10.25".

Their price for Winner 6 volt was 26200 xpf if sold as "in transit."

Have a very large stock.

6-20-17

Price for a YIT is 83840 CFP for 4 with no VAT and including a 20% discount. The 16% VAT is not charged if you present yacht & customs papers and passport.

11-2017 after buying 4 6V batteries in Sept Found them not having as high of working voltage as the older Trojans. But them seem ok

02-2019 following up after 18 months off use. I am pleased with the batteries and

would buy again. But I have found that over watering them kills them for 2-3 weeks.
So I have been only putting a small amount of battery water in and not topping

6-21 Name withheld by request

I had been looking at boats for 3 years. Finally saw one of the type I wanted very cheap online and made offer instantly it was just listed It was accepted (Melodie was broker) I arranged to fly down have boat inspected. Cost me a fortune of work time off of flight of Airbnb of inspection etc etc. I'm on papeete 7 days I ask a question i get no answer for two days I flew and spent all that money to wait in an Airbnb room? I don't think so So I asked another question but this time I didn't wait I made steps to find my own answers from the owners. I got the owners phone number from locals and called them. Melodie was all upset I went around her but told her why I did so. Then I bought the boat (pictures were were ten years old and it was decrepit compared to them) but I wanted a boat and it was cheap I didn't want to waste a fortune having come to see it for nothing (10% of boat price+) So... Then transaction was finished and I was sending friendly emails back and forth to the old owners. And I got a bit of info....the boat had been listed for a year. Wait what? When I saw it it was new listing.. I checked two three times a week all the time. So.. they had been under the impression that it was listed globally and it had not been.. for. A year they had had it for sale and paid marina fees.etc. while she did what?

2019 SV Jacaranda - We tried to use Melodie at Raiatea Yacht Sales in 2019. We wanted to fly from Tahiti to Bora to look and possibly purchase a catamaran she had listed. First she never got back to me after repeated emails and calls. I finally asked friends to stop by her office in Tahiti and tell her that they would not leave until she contacted me. We had a very short schedule to make a flight to Bora as we were departing for Calif in a few days. She never arranged a showing and said she would get back to me....

6-19 SV Recalada gave her a contract to sell their boat. After a year of terrible service and very little action they dropped her and went with another broker. They were very disappointed with her

He does Diesels diagnostics, repair, maintenance

Can watch your boat and do as little or as much as you want.

10/21 SV Ziskakan. Adrian at Taina Boat Watch did an excellent job taking care of our boat while we spent time away from Tahiti. He was communicative, knowledgeable, and always gave us professional service, sending us regular updates with any important information and making sure that our boat was in tip top shape for our return. Due to personal matters we had to leave our boat empty for six months per year for a number of years. It gave us tremendous peace of mind to know that we had someone with Adrian's work ethic and expertise to care for it while we were away.

Valery Friedel (Marina Papeete & Taina)

Yacht Club Area. If you are staying near Tahiti Yatch Club in Arue, buses run from very early until at least 6 pm. Walk across the big sports field to Ave General de Gaulle then a few hundred meters east, stand on the pavement (sidewalk) in front of the funeral home/marble counter tops shop. Wave at any bus you see as they approach. They tend to run about every 20-30 minutes. The cost in Dec 2016 was 200xpf one-way and 360xpf return. The smaller buses go by the nearby Carrefour but this can't be a 15 minute walk. The big buses stop in the same bus stand as the bus to Faa and Marina Taina. The small buses stop next to the town hall, the Marie.

Marina Taina. The bus stand for Marina Taina from Papeete is a block south east of the main market (marche) just around from Vodaphone. If your French is poor just say Marina Taina to the bus driver and he will tell you yea or nay. The Omotara bus or the Paea/Papara bus go by the Marina. The cost in 2017 was 200 xpf or 340xpf return. The bus drops you just in front of the Marina. Coming back just cross at the pedestrian crossing and look for the bus stop sign.

Walking in Papeete From the Papeete Marina to Fare Ute is 14 minutes at a steady pace. Ocean 2000 is twenty minutes as is Hyper Bricolage. Its similar from the bus stops if you're coming from the out lying areas. Champion is about 10 minutes from Marina Papeete.

Further comments on why some folks can download android app from play station and others can not.

Thanks to SV Hedonsim 1-22

NOT all Android phones can download the APP. IF you have a FP phone and it was purchased here, Google Play should allow you to download. BUT, if you have a Google account not based in FP, you will not see the App as being available. We have 2 phones, one with a Vini Sim and one a Google Fi. Neither is able to download the APP because our Google Acct. is not in FP. I spent considerable time trying to figure it out. Apparently you can change your Google Location and download it but you are only allowed to do that once per year.

Google Play it will not even show up. Go on the web to the Tere Tahiti site and click on "download the APP" and this is what you get IF you do not have a FP based account.

You can obtain the app for android here: <https://play.google.com/store/apps/details?id=com.spec.mobiv.teretahiti>

CO2 Refills

CO2 Refills DIY

Island: Tahiti

2-2022 About dry ice and filling soda stream bottles in Tahiti... My husband went this morning (you should arrange the date and time with Gaspac). He is back and this is what he got and how he is doing it: he got pellets shape dry ice and now he is filling 400gr per bottle.

Of course, he removed the top of the bottles.

More info: 5kg is min to buy. With 5kg with filled 8 bottles and we have some leftovers.

The price for 5kg = \$40

2-20 Additional info

I am planning to buy carbon dioxide CO2 dry ice to fill Sodastream bottles in Tahiti. Any top fitting can be filled including our US style tops. We have 2 bottles and the minimum purchase will fill about 8 bottles. I think last time the total cost was about 5000 francs.

So about 6 USD per 330g bottle.

Dry ice available in Papeete. See entry for GazPac under same heading

Lots of You Tube videos on how to refill your bottle. Very Easy

<https://youtu.be/BVIVqNQXJTk>

If you put in the weight stated on the label. Sometimes 450g, 425g or 410g. All these different weights claim to make 60 litres of drink! Presumably more or less fizzy.

You need to weigh the bottle then zero the scales to make sure you don't overfill

Comments from DV Dash filling in NZ I thought we ordered "pellets" both times. The first time we got lovely "tubes" of dry ice we could easily pick up with tongs and drop in, about the size of glue sticks. This past time we got a box full of what looked more like frozen rice! (Different distributor) it was a bit more cumbersome to funnel into canister, but it worked.

A kitchen or postal scale helps. You can put empty canister on it and zero scale and add dry ice to the proper amount. Kind of fun like a high school science lab day!

They package industrial and food grade gases. CO2 cylinder refill and dry ice. You need to call them because they don't process every product every day.

2-2022 5kg is min to buy. With 5kg with filled 8 bottles and we have some leftovers. The price for 5kg = \$40

8-2020 Cruisers reported filling tanks with Co2 for beverages

Andrew Nelson reports Gazpac is the answer.

You need to unscrew the top and fill with the correct weight of dry ice(from Gazpac) . Very easy and cheap. Minimum purchase fills about 6 bottles app 5000xpf

Island: Tahiti

Michel 689-8771-1686 (oceansailstahiti@gmail.com)

9-2019 SV Sugar Shack

We had **Oceans Sails** (Michel Pegart Maitre Voilier) do repair work on our sail bag and he did not do a good job. After visiting his sail loft and speaking to him about types of threads used and process, we felt confident he'd do good work. We asked him to quote the repairs on our sail bag (strengthen and reinforce) and small spinnaker (we blew out clew). The sail bag was the priority as we had a backup spinnaker.

With the sail bag we asked him to patch the small holes, reinforce all stitching, reinforce the batten sleeves, and re-attach our name flap which came off. He said it would be "no problem, easy job, and could be done in a few weeks at very little money." Several weeks later, my husband went to pick it up and paid \$600 (more than a little money to us, but our bad for not getting an exact quote first). When my husband went to install the sail bag, he noticed several areas had the new stitching already coming out (Michel failed to lock stitch the beginning and ends). In addition, in several places the stitching was crooked when it should have been straight. Unfortunately, we had guests coming and needed the sail bag up. So, my husband finished with the install before we had to leave.

In addition, with the spinnaker he said it would cost well over \$1,000 to repair or he would have to cut it down and charge a little less. This is an 18-year-old spinnaker so it was not worth the cost to repair. We took it back.

We were very disappointed in the work from Ocean Sails. We had higher expectations since he had several good reviews, the loft was professional and he "said all the right things." **Very poor craftsmanship and work.**

Airborne 9-2018

We had him take our sails down and fix up any tears or chafing on them (14,500 nm), and he fixed our SS bracket that lifts our main sail (rounded and polished it to stop the cutting action it had at the head of the main when it was down), he rounded the ends of our battens so that they now slip into the pockets with little effort. He fixed the lazy jack sail bag that had gotten frayed on a passage when the second reef line became tangled around the end. He did a great job of repairing it and making sure that it did not look like a repair at all. It was a brand new North Sail cradle (they don't like it when you refer to it as a bag), so we wanted to make sure it did not look like it had been repaired, and Michel made it look better than new He

also is building an enclosure for the fly bridge stair wells on our L450 to stop rain from soaking the rear cockpit. He speaks English and French and is very personable. He charges about what everyone else in Tahiti charges (about \$60/hr). He is very busy in high season, but seems to have more time in low season.

email: chfuller@mail.pf

Christian speaks some English.

Carpentry, Fiberglass & Spraying

8-21 SV Airborne We have had Christian do a couple of jobs for us in the last four months. The first was to cut a new nav panel with all the holes for radios, and MFD pre-cut. He knew we were going to do a carbon wrap so he finished it so there were no surface imperfections that would show through the wrap. The workmanship was perfect and was on time. The second was a set of teak bow pulpit seats on our catamaran. Again, the workmanship was excellent.

He is not cheap, but the products delivered are excellent and on time.

I highly recommend him"

Recommended by the 2016/2017 Super Yacht Guide.

I just saw a spar he painted and it looked terrific (Jacaranda 2017)

Island: Tahiti

Tahitians rely on Facebook for a lot of things. Here is a Facebook group where people sell their cars: [Vente et échange de voitures](#)

Car Rental Marina Papeete

Island: Tahiti

Parking is a huge PIA. M-F during business hours most if not all of the free parking is already taken by 8am. You will then have to pay to park (150F per hour). Starting about 4-4:30 free parking opens up

See attached jpeg of places to park near marina Papeete. First arrow upper right is paid parking lot that closes at 5pm. Other arrows indicate free parking

Jacaranda

Car Rental Marina Tiana

Island: Tahiti

Just a heads up. This is a much better place to have a rental car since there is lots of spacing for parking.

If you have a choice of stopping in Tiana for a few days its a better location for a car rental due to onsite parking

Using Eco Car seems to be a 1st choice of cruisers but be sure to be clear about car delivery to the marina with all the paperwork and CC machine versus having to be shuttled to their office at the airport and long lines which means waiting!!

Located airport area

89 50 44 77

Echo Car Rental phone +689 40 54 29 0

Two options with ECO car

1. They will deliver the car to you with all the paperwork and CC machine - easy and fast
2. They will pick you up and take you to the airport office - This may take hours like it did for us. Plus we had to return it to them again another hour.

First time we rented from them they came to the Papeete Marina and we saw option #1 as quick, efficient and only took about 10 minutes

Second time we rented they picked us up and transported us to their airport office. This took 2 hours with traffic, 10 people in front of us when we arrived. Plus we had to return the car to the airport office as well - another hour++ wasted.

MAKE SURE YOU INSIST ON OPTION 1

1-22 SV Marauder. Highly recommends Maeva.

If you happen to be in Cooks Bay Moorea and are in DESPERATE need for a baby sitter,

Orchilea Maeva Faaruia-Smith is an amazing woman and she is based in Maharepa. I haven't transitioned very gracefully into juggling parenthood / cruising/boat maintenance / working quite as well as some of my peers. How others do it so well is a feat and I have nothing but respect for those peeps. But if you're ever in need of a sitter to watch your little loves as if they were family while you get stuff done onboard, Maeva is gracious, kind, she sends pics throughout the day of the kids, and she works with your budget. I truly believe she just....loves children, and that was exactly what we needed in a pinch for our 2 year old and 2 month old.

Chinese Medicines / Herbs

Coffee & Teas

Carrefour Taina (Teas)

Island: Tahiti

Looking for specialty teas try
Carrefour Organics Section
Coffee

Island: Tahiti

Finding decent coffee beans in FP can be a hit or miss. The following stores have been known to carry coffee beans

Maxi - Starbucks beans (Flavored - Vanilla, Hazelnut, etc). They do have large tins of ground Folgers coffee.

Careefour Papeete - stocks coffee beans

Champion - Papeete usually stocks coffee and some beans

Polynesian Trading Company (Kirkland Products) used to carry coffee beans (1-19)

Champion - Mo'orea (Viarae) often has coffee beans.

Super U Mo'orea Cooks Bay also stocks coffee beans but often sells out

But like anything if you see it buy it!

Let me know if you find other stores that carry coffee beans and I will add them here

Thanks
Chuck

view in google maps

There is an Apple reseller called IVEA in the Vaima shopping center, facing the city center marina. They fix computers in the shop and honor Apple care warranties. Linda had her Mac BookPro repaired after it crashed. They charge 5,000cpf to have a look and come up with an estimate.

For more information, see **Apple Computers**

Atom Electronic

Island: Tahiti

Atom Electronic

atom-electronic.fr

+689 40 57 16 16

Two locations: Two branches, a small one at 13 Rue Cook (1 street along from Champion) and a much bigger one at the Point de l'est - 68 Rue du Marechal Foch
13 Rue Cook,
68 Rue du Maréchal Foch

4-21 SV Barracuda Atom Electronic are excellent. They will do a free diagnostic very quickly - generally in a couple of days, compared with Service Point who asked for XPF3000 and took 2 weeks. They repaired my MacBook Pro in 24 hours and at a reasonable price (as they had parts in stock). They also have reconditioned phones in stock, again reasonably priced, and I am very happy with the one I bought from them. You can get a quote for repairs online at their website at **atom-electronic.fr**
Carrefour

Island: Tahiti

We needed to replace several failed consumer electronic items in Papeete. Tablets and Phones can be repaired near the Papeete Marina. Carrefour has 1 and 2 gigabyte external hard drives at fairly reasonable prices. We found a demonstration model, brand name laptop for \$317 (US) at Carrefour with a two year in store warranty included. A new Samsung smart phone built to IP67 military specs for waterproofness was only \$272 (US) when purchased along with a Vini contract.

Phone: 89 34 18 20 or 89 24 49 93

contact@pmi.pf

SV Hedonism

Serge and Lionel both speak good English and are very accommodating. This place was recommended to me by another computer repair shop! I called them from the first shop and they stuck around over lunch to wait for me to arrive. This is not a computer sales store. These guys are in the repair business and are out on repair calls to various businesses each day so it is imperative to call first to be sure they are in the shop. They work on Dell, Toshiba, Lenovo and so on...

My Dell computer fried the motherboard. They trouble shot it and then gave me the "bad news". They pointed out it would take a couple of weeks to get it in from the US. I decided to buy a new computer back home and have it shipped along with a motherboard. They did NOT charge me anything for the trouble shooting. Just happy when I said I would bring it in when it arrived for them to install. When they did, the

charge was about 10600 XPF.

Covid Testing

3-20-21 Covid ANTIBODY test - available in Clinic Cardella for 3,800FPX without prescription - walk-in service. (This is to show prior asymptomatic exposure and developed defence , not to be confused with antigen test, which show current active pathogen)

For more information, see **[Doctor, Specialists & Surgeons](#)**
Covid (What to Do)

Island: Tahiti

01-01-2021

nb This information is intended for cruisers - not for those flying in by air.

FP-wide Covid helpline number - +689 40 45 50 00

Covid testing sites <https://www.service-public.pf/dsp/covid-19/centre-depistage/?fbclid=IwAR3qxHkVOvC36OMay6N6PegcQ-Eb4JE4yrFw5VgnjNh3koSEPkiUzJ5rGzs>

Part 1

- As at January 1, you don't need a doctor's prescription to get a Covid-19 test any more

- if you have symptoms and want a test, go to the Institut Louis Malarde in Paofai, Papeete. This is located at the junction of rue des Poilus tahitiens and rue du 5 mars 1797 - two blocks

behind the Paofai Temple (pink church) near Champion <https://goo.gl/maps/P4MMKNS9iUJgZ3wTA>.

This is open M-F 0730-1500, S-S 0730-1200. Tel +689 40 416 416/472. Email **cov-check@ilm.pf**

- follow the signs outside the building for the Covid testing site. Once you find the testing location

(clearly marked, on the side street), you go to the first 'station' where you need to show your ID, and give your phone number (international number accepted).

You then go to the next station where you will get tested. They will take two samples.

The first is for the rapid test, where results take 15 minutes. Sit in the waiting area until your name is called with the results of the rapid test.

- If the result is positive, you will usually be told to go home and self-isolate.
- If the result is negative, they will send the second of the two samples for testing, which takes up to 2 days.
- you will be given a form with a link to access the test results, including your personal ID and password, and told to isolate until results are in.
- Test results are usually available online within 48 hours but many have been available sooner. You will receive a text once your results are available.

1-21

Part 2 submitted by SV Kini

"I felt unwell a few days before Christmas, on a Saturday. I phoned the 15 (SAMU= emergencies), told about my symptoms, the doctor on duty said they might be Covid, instructed me to take paracetamol, and get tested on the Monday. There is a "Kiosque Santé" in front of Paofai Temple. There was zero queue, I was attended by 3 friendly nurses all for myself. Nothing to pay. They did the antigenic test first, which gives a result in 20', or proves nothing, which was the case. Then PCR. Result 2 days later by sms (I was negative). All quick, free, easy and friendly."

Delivery Service

Mo'orea Courier Service

Island: Mo'orea

Thomas Tél/Fax **40.56.47.15**

cell **87.78.03.20**

mooreacoursier@mail.pf

Found this guy on the recommendation of a friend and then later Michel (from the chandlery near Taina). Nice guy named Thomas. Speaks fairly good English. He drives to Tahiti every weekday and cruises around picking up various items people ordered from stores. Then he brings them back to Moorea and delivers them. I ordered a fuel filter and some misc stuff from Michel late this afternoon. Thomas promises to have it delivered to either the quay near Tiki anchorage or Woody's house if we're off the boat. But he'll deliver it to wherever access is closest to wherever the cruiser is anchored. About \$35. Epic.

<http://www.mooreacoursier.pf/index.php?nx=ACC> By Naoma

10-18

Sent an email to Thomas 3 hours ago and just received a response. A quote to pick up a 25kg and Cooks Bay 2300F

Anchor was delivered promptly the next day and the driver even carried it to the dinghy!

Recommended highly by Jacaranda

Dentist / Dental Surgeon

Dr Jacques Maton

Island: Bora Bora

Dr Jacques Maton

In Bora Bora I went to the dentist due to a filling falling out, and found out I needed ROOT CANAL! Went to Dr Jacques Maton, located immediately next to Aloe Cafe across from the Chin Lee Market. (689) 40 67 70 55. I was walk-in, saw me in 15 minutes. Xray and diagnosis, local anesthesia, root canal within the hour. Less than \$200US. The following day and appointment for a cap, 1 hour in chair, cap and done..\$100US. He also included a copy of my xray by email! I paid in FP \$ as his exchange rate would have cost me a bit more. His English is very good, office modern and spotless.

12-2020 SV Hanna - Correction on location reported by Ocean Star in 2019. See

current location using google earth or Maps.me

12-2020 SV Hanna Also I want to add a positive experience with a dentist in Huahine. He was recommended by a French cruiser. His name is Jimmy Yeung Youk, office phone 40-68-88-00. He speaks good enough English and his assistant speaks a little also. We each had a satisfactory cleaning (no x-ray) for XPF 8,000. Doug went back yesterday for repair to a broken tooth, XPF 12,000. His office is in a green, single story building immediately past the Gendarmes barracks in town, not far from the public clinic. There is a small sign on the fence with opening hours. Each time we've made appointments, it's been a two week wait for the next available appt.

9-2019 SV Ocean Star

Had an unplanned need for a dentist in Huahine, found Dr. Yeung Youk (Jimmy) near the Avis rental, on 2nd floor above a medical doctors office. Speaks excellent English, fast & efficient.

Dr. Blais Rahiti

Island: Raiatea

Dentist
Dr. Blais Rahiti
87 26 65 62
cabinet.dentaire.avera@gmail.com

Submitted by Jaye & Irwin on Winsome who have used the services of this woman many times

Ok ,the wonderful, very wonderful dentist here in Raiatea..very young beautiful Tahitian woman speaks gorgeous English (daughter of mixed marriage- mother is native English speaker). Dr. Blais Rahiti : her office is 7 kilometers south of uturoa in Avera where there is a pharmacy and medical clinic. There is a Beach where you can dinghy to right next to her clinic which is next to the post office. Avera is the first town south of the bay Vairahi...which is the bay where the Trois cascades hike starts. There are some moorings there and some mud/ sand to anchor in. There is also a small fish coop marina where you can leave dinghy and get fresh water there at Vairahi. Her cabinet number is 87 26 65 62...the only downside is Miri (her assistant- who answers the phone, does speak very little English so it can be a bit challenging to make apptmts and they are busy because she is so good (ie. Gentle,small hands and very conscious about pain management, clear speaking, and very knowledgeable with a brand new office and equipment..sonic cleaning and camera x-ray all right there)....

Wael El-Bakjaji

Dr Laurent Sautel

Island: Tahiti

Dr SAUTEL
40838870
<https://www.facebook.com/laurent.sautel>

From SV Freevol 8-2019

Dr Sautelis a very skilled surgeon in dentistry. He did his studies in USA so I guess he should speak good english.

He did the implants on Bernard both on the upper and bottom jaws. He did the stitching then took the stitches away and then took the print for positionning the new teeth after verifying every thing had sealed properly. Bernard was very pleased with his job and found him friendly.

His former dentist was there to learn how to do it and she finished the job by placing the new teeth. All this took some time because of the healing of the jaw bone.

He is located on the Pamatai hill in Faa'a, I think there is a bus that goes there from Papeete

Veronique Perez Eyard

Work phone 40425666

Vini phone number 87739962

Email adresse: **veronique.eyrard@mail.pf**

Can make appointments via email.

Located a few blocks from Papeete Marina

Veronique accepts cash or bank transfer but not credit card. She speaks reasonable english.

Her practice is in Passage Cardella or Rue Titiaivai. It is one street west of the Cathedral off Place Notre-Dame.

The street has two names and both names are on signs at the end of the street.

If you can find the restaurant L'O à la Bouche its across the street and down about 50 meters

The building is between restaurants on the left side walking south along Rue Titiaivai. Veroniques plaque appears with several others out on the street beside the doorway.

There is an intercom beside the door to get access. Ask for the door code when you make an appointment.

Appointments can be arranged by phone or email. She attends 3 days each week (Monday, Tuesday and Thursday) and works into the evenings. The surgery is shared with another woman dentist for the other days.

She is highly recommended by a number of people

7-2019

Highly recommended by this happy customer. I had a metal crown fitted to a molar for \$550 US

4-25-2019 SV Nehenehe

I had a single root canal. Cost was 24060 xpf. While I truly liked the demeanor of the dentist, her workmanship was mediocre.

She made two significant errors, both of which are not really retrievable ones.

1. She inserted the files past the apex of my root and into the boney space
2. She did not completely get the root canal filled with the root filler.

In addition there were several other concerns that were minor:

- She was not using an x-ray holder and had me hold the sensor in place with my finger. She had to retake two x-rays
- She did not use a rubber damn with also increases the risk of contamination.
- The dentist did not communicate at all during the procedure and this lead to problems at two points.
- I was not offered a lead apron or safety glasses.

She did a great job of numbing my jaw, it was the best job of freezing me I have ever experienced at a dentist. Her office and operatory was beautifully clean and up to date, she was on time and very friendly. She spoke English well. I still like her but would probably seek another dentist that had better technical skills.

11-2018 Linda just had her teeth cleaned and some bonding of a chipped tooth. She came home singing Veronique's praises!

Position 17 32.468 S 149 34.053 W

Dr. Anne-Laure Levaudi

Next to Fast Print

He speaks English

10-2020 Sugar Shack Matt had a filling that was bothering him so we emailed him on a Sunday (during a holiday weekend) thinking we would not hear from him until Tuesday. However, we got a reply within a few hours with an appointment date and time!

Matt ended up having a very infected wisdom tooth that had to be extracted and a neighboring tooth with a cavity that had to be filled. Dr. Sand was very good, offered to reschedule so we could think about it, and when we declined got to work. He was as gentle as can be expected for having a tooth pulled, and provided a prescription for antibiotics, gauze, and pain meds. He was efficient, and reasonably priced. The work in the U.S. would have cost well over \$1000 with insurance and Matt walked out less than \$200 plus medicine costs at pharmacy for \$25.

2-21 SV Venture Lady

Happy for you to include following recommendation in the TCG for Dr Maxence Sand Highly recommend. Good English speaker with extremely well equipped/modern surgery. I had complex root canal treatments in Oct 20. Then I broke a tooth in January 21 and he repaired it with a crown within 24 hrs so that we didn't miss a weather window to depart Papeete.

11-2020 SV Tintamarre Recommended. Speaks good English. Nice surgery. I only needed a check up and clean, but know other cruisers needing more major treatment who were very happy

9-2020 SV Shiraz Young French dentist. Speaks good English. Modern clean facility on the first floor. I recommend him.

11-18

We both had dental work, crowns and extraction. Very satisfied. Near Cathedral Center City. Turn up the street that Air Tahiti is on and about 3/4 same side of the street next to a copy store is an entrance to his office - 1st floor (2nd floor to North Americans)

10-18 SV Little Wing

Can highly recommend Dr Maxence.

He is a very gentle and thorough dentist. I found that my french was not up to par to fully communicate some of the discussion about what needed to be done to have a root canal and crown. Emailing was a great way to set up an appointment and discuss any concerns that one may have about any procedures.

I would certainly recommend Dr. Sand Maxence for any dental work.

[view in google maps](#)

Fuel Station Rotova Fakarava open 8-2019

Vessel able to come alongside and pump directly into the vessel.

10-2019 reported Duty Free diesel is now available with proper paperwork
Mobil Station Autona (Duty Free)

Island: Hiva 'Oa

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -9.805631

Longitude: -139.03097

[view in google maps](#)

On the pier in Autona, Hiva Oa
Duty Free available with paperwork
Huahine Total (Duty Free)

Island: Huahine

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -16.714361

Longitude: -151.033951

[view in google maps](#)

Total station located next to the supermarket in fare. Easily accessible from the main dock but does NOT have the capability to pump from the main dock as its across the street. But they do have a dolly to use for your jerry jugs
Mo'orea Mobil Station (Duty Free)

Island: Mo'orea

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.501737

Longitude: -149.817083

[view in google maps](#)

The gas station in Cooks Bay does sell duty free fuel but you **need to pay in cash.**

As of 9-18 the pump on the end of the dock is now working for diesel and gas.

Usually a very quiet place to fuel. The dock is small but with no wind or wakes it works out nicely.

Small store in gas station carrying fresh bread, fruits, oil, etc
Mobil Station Taiohae (Duty Free)

Island: Nuku Hiva

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -8.921456

Longitude: -140.094397

[view in google maps](#)

Fuel station on the pier in Taiohae
Long hose will reach boats med moored
Duty Free Available with correct paperwork
Raiatea Shell (Duty Free)

Island: Raiatea

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -16.729303

Longitude: -151.443114

[view in google maps](#)

Shell station located next to the public docks in Uturoa. Across the street from the supermarkets

Beware if the trades are blowing strong it may be difficult to get off these docks

4-21 SV Aquarius Reported The Shell station charges 1500 xpf " administration costs" if you want to take tax free diesel (is this legal ??) And they charge 2000 xpf if you want to fill up water .(you can take as much as you want)
Raiatea Total (Duty Free)

Island: Raiatea

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -16.724982

Longitude: -151.448779

[view in google maps](#)

Near Uturoa and next to the charter base.

Much easier spot to refuel if the trades are blowing as its much more protected than

the Uturoa fuel dock

4-21 SV Aquarius Reported The Total station doesn't take any charges for the " duty free paperwork" The water costs 1000 xpf.

Rangiroa Shell (Duty Free)

Island: Rangiroa

Yacht Club de Tahiti (Arue) sells duty free fuel at the fuel dock. Will sell via dinghy and jerry jugs. Full keeled boats should think carefully about attempting this dock, especially with any wind.

Diesel Mechanic

Dominique Fily

Island: Mo'orea

Dominique

689-8774-8861

filydom@gmail.com

5-2019 Kiapa Nui

Dominique is now independent and is not part of STH.

Highly recommend him for Diesel work

9-18 SV Airborne

Dominique is a diesel and electrical mechanic... He lives on Moorea, but works in Papeete. He is associated with STH in Papeete and they had referred us to him when we had engine issues in Moorea. He came out on a Sunday to our boat to help us. When we continued to have issues he met us at the dock when we arrived in Papeete for further diagnosis and repairs. Great service. Speaks English and French. I'm not sure if he is an STH employee or a sub contractor, but there is some connection to STH (Yanmar dealer).

2018 SV Amelie

Amelie's agent Laurent recommend Dominique and was he contacted directly.

Stephen highly recommends Dominique after using him to remove and install a generator. He always showed up on time, great work ethic and did a wonderful job. 6000xpf per hour

Jacques Marina Viare

Island: Mo'orea

Jacques - Contact Info **jacques.services98@gmail.com**

We have spoke to a number of people who have used Jacques while in the Viare

Marina and were very satisfied with him

He lives in the marina so also close at hand

kapetrouch@gmail.com.

Anchored in front of the Carenage

3-21 SV Kini

He worked on my engine, batteries, etc and I can testify of his serious thorough approach. He can do watermakers of course. He used to be engineer on superyachts in the Caribbean. Initially qualified in industrial electric engineering.

Thierry Duvauchelle

Island: Raiatea

Thierry Duvauchelle

He will repair any diesel engine or outboard and can handle various general mechanical problems (windlass, watermakers, etc...). His forte are Perkins, Volvo, Yanmar and Westerbeck and all outboard brands.

Phone: 87784792

E-mail: duvauchellethierry@gmail.com

Christian Lloyd

Island: Tahiti

Christian Lloyd

87 26 49 65

jchristianlloyd@yahoo.com

9-2020 SV Claire de Lune

This note is to post a positive comment about and the highest recommendation for Christian Lloyd. Christian was hired by me to help with a number of engine issues. They included oil leaks, fuel leaks, alternator belt issues, exhaust plumbing, and general engine room chaos. He worked on my list for a week, fixed everything, was always prompt, communicated his opinions on how everything should go, and was thoroughly professional. He brought his own tools, was careful about the rest of the boat, and will be invited back as the future demands. Should you need help with

mechanical, electrical, rigging, painting, or fiberglass repairs, Christian should be your first call. He is anchored off marina Taina on s/v ManaKai and monitors channel 72..

6-2020 SV Solecito

Without a doubt if you are looking for someone to assist you in either electrical assistance or mechanical assistance, I'd recommend contacting John Cristian Lloyd. A boat owner and cruiser himself, he approached each project I had (and there were many) with thoroughness, detailed attention (actually reading the product manuals and highlighting which of the various options available we chose to use for future reference for myself or other who may work on the systems later), has methodical attention, professional, honest, personable with a complete set of tools. All the projects he undertook for me were FULLY completed and to my FULL satisfaction (something I can not about various other "professionals" I've hired over the years). His professional installations of new electronic systems or mechanical systems were to the manufacturers recommended specifications and standards.

Mechanical - changed impellers, fuel lines, filters etc, recommended new corroded injector lines and installed them, had several pumps rebuilt, fuel injectors serviced, install electronic fuel pump, added all fuel lines (return lines vents etc) and switches for new secondary fuel tank along with a fuel gauge for the engine panel, replaced virtually all hoses on the engine, mechanical kill/pull switch for the engine, hour meter for the engine, a visual temperature gauge to go along with the "red light /alarm provided in the Yanmar control panel and various other items I don't remember.

Electrical - Xantrex LinkPro battery monitoring system, Solar power panels and solar battery regulator, Balmar alternator and Max Charge MC-612 Regulator, wire a remote control for my Lewmar windlass. He recommended enhancements like a "kill" switch for the alternator which helped divert more hp to my smaller Yanmar during times of need and other improvements to enhance the overall motoring or sailing experience which I was either unaware of or not sure about how to achieve. Designed, wired and install new house and starter battery banks and labeled all wires (he labeled the wires without being asked which is so helpful and often times rarely done by many "professionals"). He ran and installed new wiring for interior lights and courtesy coxpit lights, recommended and installed all the incandescent bulbs for LED bulbs for all lights on my boat, LED spreader deck lights, new tri mast light plus installed and wired various fans. Cleaned up and bundled the rat nest of wires leading to my electrical panel and installed various buses which the previous owner had "jerry rigged", replaced blown LED indicator lights on the electrical panel, installed bilge pumps wired and plumbed them with thru hulls in my almas, installed electromagnetic sensors for float switches for some of the vessels bilge pumps where the float switches had failed repeatedly and recommended replacing cheap bilge hoses for approximate designed hoses which would not fail. My Raymarine instruments were not working properly and there were issues with previous installation. Christian rewired the units and properly sealed them and

made modifications to the custom instrument box to prevent moisture and future corrosion. He also recalibrated the units.

Fiberglassing - Christian noticed a few soft spots in my deck while installing new deck fuel fill caps and recommended additional stringers below deck which he did.

Plumbing - installed a new fresh and salt water systems and hoses for new water and fuel tanks. Installed a fresh water deck hose attachment for deck rinse, a fresh water shower hose and a manual high volume bilge pump in cockpit. He also oversaw the building and did the installation of the aluminum fuel and water tanks. During this process Christian pointed out poor welds by the fabricator and had them rewelded. Me not knowing much about welds had not noticed this important detail.

Rigging - Christian also noticed errors in my rigging and redid various aspects of my rigging (which had previously been done by a "professional rigger" who had made do with what he was at hand but not done "by the book" and did not make the effort to recommend the proper parts or work.

Christian is honest, thorough, informative, professional and personal. I'd recommend him to anyone who wants the work on their boat done right.

4-2020 SV Baba Aroudj

I would highly recommend hiring Christian Lloyd for boat rigging and deck hardware installation and maintenance. He is a very careful and skilled worker, paying attention every detail before starting to work. he did a great job with the installation of a harken furler my my boat, and everything went perfectly at the first shot. besides, he is a friendly and nice man.

1-24-20 Kevin YS Nuku Hiva

I have a referral I'd like to propose for your services guide on your website. His Name is Christian Lloyd, he does mostly mechanical and electrical work. He is British, he and his wife live on their Trimaran Mana Kai in the bay off Marina Taina.

They were here in Nuku Hiva for some time and we did some work together of which I was very pleased with the results. I recommend him highly.

7-2020 SV Manatee

I am writing to give my strongest recommendations for John Christian Lloyd for his excellent work on diesel mechanics, rigging and electric repairs.

I have know John for many years and have used him extensively in California when he helped us prepare our 52 foot ketch for world cruising.

Diesel-Clinic

Island: Tahiti

Diesel-Clinic owner Adrian Pataki Engineering Technician
(+689) 87 28 60 83
svattila@gmail.com

Diagnostics, repair, technical consulting

Located by Marina Taina, Punaauia
Speaks: English, French & Spanish

Excellent mechanic from diagnosing small problems to complete rebuilds. Reliable and knowledgeable as to where to get parts and find machine shops.

9-2021 SV Ipanema Very please with the work Adrian did for me.

10-2020 SV Marauder: We are repowering with Adrian, ordering a new Beta Marine inboard through him. He has incredibly helpful, friendly, knowledgeable, and for those who don't speak French, he speaks English! He is a certified dealer of Beta Marine engines and therefore also handles warranty work. We highly recommend Adrian and Diesel Clinic Tahiti if you find yourself forced to repower in French Polynesia. Prices aren't that bad, certainly not as steep as Yanmar engines through Sin Tun Hing Marine. The Beta Marine inboard is also built custom to you/your boat, which is pretty cool. If you dispose of the old engine properly and you're a boat in transit, you don't need to pay the custom fees on the new engine! We recycled ours at **SOREMAT** right next to Technimarine in town

2-2020 SV Avatar We would like to give a reference for Adrian Pataki. We have been in FP for 4 1/2 years. We have used Adrian in several capacities over this time. We have had him watch our sailboat, Avatar, when away on a trip to the US. also several mechanical projects, repairs and a gen-set replacement as he is the Beta Dealer for FP. Adrian has always been on time, does what he says he will do. And one of the few Marine Mechanics that I have been in contact with that does not overbook himself. I was in the Auto repair business for over 15 years and have known good technicians and Adrian in my opinion is good, honest, fair and knowledgeable. Shelly and I whole heartedly recommend him.

6-2018 Jacaranda We have used Adrian multiple times and can highly recommend him 100%. He is very honest and knowledgeable and not only did some work on our Yanmar but we used him to replace a cutlass bearing, align the shaft and do some keel bolt work.

Dominique Fily

Island: Tahiti

Dominique
689-8774-8861
filydom@gmail.com

10-21 SV Alila Dominique does all kind of Diesel engines. Now he lives in Papeete .

We had some problems with our main engine 140 hp yanmar engine. He repaired the turbo, the gear box, put a new elbow in. For this work he had to take the muffler and the air cooler off. Nothing was a problem for him. He worked so professional and did a fantastic job. In two days everything was done, he understood totally that a boat without engine on anchor is not what you dream of. He really knows his job and we had fully confidence. He definitely is the guy if you have engine problems. We can highly recommend him.

1-21 SV Cyrolia Dominique has been my mechanic for my 2010 Jeanneau 53, since I bought it in December 2020. I have 110 hp Yanmar, and a 5.5 KW Onan generator. Dominique is extremely professional, and as highly skilled of a mechanic as I've ever met anywhere. He specializes in Yanmar, but I believe he can work on just about any type of engine (he used to work for Yanmar I believe). For any issue I have had, he instantly knows what the problem is, is able to articulate it and repair it. He's professional, and his rates are reasonable and fair. Because he is good, he should be scheduled in advance. My experience with Dominique has been extremely positive.

01-21 SV BENG T We would like to recommend Dominique Fily, the diesel mechanic. He did a great job getting our engine going again. Competent, experienced and a nice guy. Speaks reasonable English.

5-2019 Kiapa Nui

Dominique is now independent and is not part of STH.

Highly recommend him for Diesel work

8-20 ? on a recent FP FB page had 6 people recommend Dominic.

9-18 SV Airborne

Dominique is a diesel and electrical mechanic... He lives on Moorea, but works in Papeete. He is associated with STH in Papeete and they had referred us to him when we had engine issues in Moorea. He came out on a Sunday to our boat to help us. When we continued to have issues he met us at the dock when we arrived in Papeete for further diagnosis and repairs. Great service. Speaks English and French. I'm not sure if he is an STH employee or a sub contractor, but there is some connection to STH (Yanmar dealer).

2018 SV Amelie

Amelie's agent Laurent recommend Dominique and was he contacted directly.

Stephen highly recommends Dominique after using him to remove and install a generator. He always showed up on time, great work ethic and did a wonderful job. 6000xpf per hour

Lecler Patrick

Island: Tahiti

Lecler Patrick mechanics and
electrical services
Ph.: 87 71 84 18
patrick-tahiti@mail.pf

From the FP Stop Over Guide
Sail The Way - Rudy

Island: Tahiti

Sail The Way - Rudy
Cell Phone: 87 300 864
email: rudy@sailtheway.com
languages: English, Dutch, German
Location: Papeete

Diesel mechanic: Everything what can go wrong or needs maintenance in the engine room: oil- filters, fuel filters, fuel lines, air filters, anodes, mixing elbows, exhaust plumbing, alternators and (external) regulators (12/24 V), starters and relays, starter battery, V-belts, injectors, dripless seals, stuffing box, raw water- and fresh water pumps, water hoses, bilge pumps, head gasket replacements, valve adjustment...

2-22 SV Matador I have seen many satisfied customers after Rudy has successfully solved their problems. I can recommend his thorough approach, tidy work and great ability to think problems through, resulting in correct diagnosis and permanent solutions. I would not hesitate to recommend his services.

1-22 SV Wandersurf I limped into Nuku Hiva on my Vagabond 39 after a long journey from Panama. Transmission shot and mast track popping off in a section where the wood rotted away. Rudy helped me pull my transmission, diagnose the issue and put me in touch with a company to order a replacement. He also guided me through the process of repairing my mast. He is extremely knowledgeable and helpful with all things Marine related. He was just someone who helped work on my boat he became a friend. I highly recommend his services.

12-21 SY Mary Ann I want to send a recommendation regarding Sail The Way, both for electric/electronic work, and as a diesel mechanic.

He also worked on my boat to relocate a day tank and did a superb job.

Lastly, as we had to leave the boat while on the hard undergoing various jobs, Rudy took over the management of all contractors, and when I returned, all was done - and well done.

Rudy is a calm, organized and thorough man who knows what he's doing.
Very highly recommended.

7-21 SV Harmony - Outremer 5X - Rudy's extensive knowledge of marine diesel mechanic was impressive to say the least. There is no job related to diesel engines that I wouldn't trust Rudy to tackle. His attention to detail and going above and beyond with preventative measures to ensure engine longevity was greatly appreciated. I highly recommend Rudy in this field and trust his skills, knowledge and character to get you moving forward under power quickly.

1-21 SV Juffa Rudy is an accomplished electrician and mechanic who managed to repair our Dometic freezer when others failed to do so. His fees are reasonable and he is an experienced cruiser who understands our needs and is a pleasure to work with.

When our Yanmar 3YM30 blew it's cylinder head gasket he again undertook the repairs and got us going in an efficient and well organized manner.

We can highly recommend Rudy to our fellow cruisers.

2018 SV Pavo Real I would highly recommend Rudy-Sail the Way for those in need of electrical, diesel and general boat repairs. When sailing in Panama my vessel, a Lagoon 410 catamaran, was struck by lightening. It was a direct hit to the mast and the electrical damage was extensive. Nearly all the electronics on the boat were damaged. Navigation, radar, radios, charger/inverter, vessel lighting, engine sensors and helm gages were fried. I hired Rudy of Sail the Way to do the repairs. He did an amazing job. Rudy advised me to work together, to repair all the damage. The best way to learn about your boat and trouble shoot the things by yourself. Most of the boat needed to be rewired. He discovered many wiring issues beyond just simple repair and reconstructed the entire system including the electrical panel and breakers. All my systems now work better than ever.

When we were hauled out he discovered some issues with through hull fittings and removed old no longer used valves and repaired the hull. Once back in the water he was able to get my two Yanmar diesel engine running in top shape. Rudy advised me to work together, to repair all the damage. The best way to learn about your boat and trouble shoot the things by yourself.

We were truly lucky to have Rudy available to do the work. He was very busy with repair work on other vessels, including removing and repairing a keel on a large sailboat that had run aground. Fortunately, he committed himself to our job and installed systems as he arrived in Panama from the US. He is now in Tahiti and sailors there are lucky to have such an amazing individual available to their vessels.

1-19 SV Rosa dos Ventos I (Edwin Bovill) am writing this email to give an assessment of work done by Rudy S'hut on our Brewer 44 Cutter (1989) Rosa dos Ventos in 2018 at Shelter Bay, Panama.

Electrical: Rudy S'hout installed a new Raymarine EV400 Sail Pilot system in our boat Rosa dos Ventos. Putting this state of the art system into our 28 year old boat was a challenge given the age of our boat and the complexity of the new system

and fitting it together in an antiquated wiring system etc. Rudy S'hout did a superb job. He is incredibly knowledgeable about on board electrical systems. The system has performed flawlessly up to the present time. I give him my highest rating (5 out of 5) for the work he did for us and will point out that my rating was echoed by many other cruisers in Shelter Bay.

Mechanical: We also had some problems with our Onan 6KW generator with which he helped us. Again he did a superb job trouble shooting and fixing both mechanical and electrical systems (5 out of 5).

Also see Marine Electronics for more on Rudy

10-2019 SV Panache

STH Marine did the 1,000-hour service on our Yanmar diesel engines. The mechanics were good, but their manager gave them the wrong manual and then interpreted it incorrectly. They set my valves incorrectly. It took me weeks to convince them that they were wrong. They finally relented, agreed I was correct and fixed their mistake. I wonder how many boats in Tahiti are operating with the wrong valve settings

Dinghy New / Repair

Esteban Galvez

Island: Raiatea

Esteban Galvez Dinghy Repair

Contact: 87 32 67 29

Raiatea

We put tractor air chambers inside, we patch any holes it may have, and eventually we paint them with special paint.

7-2021 SV Domini Esteban is fantastic. He managed to save our dinghy which, after going over a metal spike at night, had a massive hole ripped out of two of the three chambers. It really seemed beyond repair, but with a few tractor tyre inner tubes he managed to somehow make it as good as new. He can also repair and service outboards.

He's charges fairly, does a great job and speaks Spanish, English and French fluently.

And on top of all that - he's a really nice bloke.

I can absolutely recommend him to any cruiser with dinghy problems.

STH Marine Taina Marina (Service)

Island: Tahiti

10-2019 SV Panache

We took our dive tanks to the STH Marine shop at Marina Taina. I asked for a visual inspection. Without consulting me, they decided to do a pressure test and a valve inspection as well. We got the tanks back and loaded them onto the boat. We didn't use them until we got to Bora. Once we got there, we found that the valves on 3 of the tanks were faulty, rendering the tanks unusable. The problem was that they had only tightened the packing nut by hand. The nut needs to have 60 ft-lbs of torque! Take your tanks to Nautisport for service.

Multilingual.

Walk-in service. Excellent

Many cruisers we know use Dr. Prevost in Pape'ete and have come back with great reviews. Not only is he a good physician, personable, and has a great bedside manner, he speaks French and English.

He recently moved his practice from the Clinique Paofai to a new location.

He has taken over the old veterinary clinic. There is a pharmacy next door: Pharmacie Maeva.

To make an appointment, scheduling is now even easier, he has an online booking site. Often times appointments can be booked the same day or the next day. You can still contact his office by phone for an appointment as well: **<https://doctofenua.pf/doctors/5fc90f4df1dda7004fb47143>**

Above info supplied by SV Cream Puff

7-20 SV Sugar Shack

Dr. Prevost was able to see us same day appointment) for 7000xpf or about \$70). He was able to refill prescriptions and provide new scripts. Lab fees are separate but can be submitted right next-door Lab hours 0630-1600). Dr. Prevost's English is excellent and he is very kind and prompt

7-2019 SV Panache We found Dr. Prevost to be an excellent and experienced General Practitioner

2-2019 SV Kapia Nui General medicine and he was awesome. Good English, thorough, comic nerd. He was great, super personable and funny. We highly recommended him.

10-2018 SV Hedonism

We arrived without appointment and he advised that he would see me but I would need to wait a bit so he could see his patients that had appointments. That is fair. We waited about 1 ½ hours. He spent about 30 minutes with me and gave me a requisition for various blood tests. We also made an appointment for the next morning to go over the results. The Lab is the next door over from his office.

Cost for this 1st visit was XPF 7000

The lab work was 3990 that included various blood work and urine tests.

They also gave me a code and password so I could view the results on-line later in the day. (as they did for later test including the Cat Scan. It even allowed me to download the actual Cat Scan!

9-2017 SV Jacaranda Highly recommended

10-2020 SV Baloo Dr Lafitte administered a vaccination we'd purchased at the pharmacy. (Measles) This was done on a walk-in basis. – Baloo

Generalities

Island: Tahiti

All medical staff several cruisers have used have been of a high standard. Consultation visits are currently costed at 3,600 xpf (approx \$34 US). In Papeete there are two General Practice physicians across from the Tourist Office on the quay. Dr Andrew Carpe speaks reasonably good English and has specialist training hyperbaric medicine 40 4256 67. Walk-ins are often seen without long waits.

Specialists and technical procedures are available at hospital and at two private clinics. The hospital prices appear to be substantially less expensive than the private clinics. For example these charges were incurred at the main hospital: Sonogram of neck (thyroid) --\$64.80; Chest Xray --\$46.80; Consultation with ENT including upper airway endoscopy -- \$55.80 (in US dollars.) Hospital appointments can be a long wait but our experience is walk-ins are generally seen within two hours. No problem since most cruisers are "time millionaires." The main Hospital for FP is Hospital du Taaone on Charles de Gaulle ask at the bus station near the Marie if they go past the hospital.

Dermatologist - Dr Ruiz

Island: Tahiti

Dr Ruiz
Paofi Clinic

5-21 SV Kiapa Nui taken from a report of numerous dermatologists that they have seen.

Dr. Ruiz speaks a bit of English but more than what she leads on to speak and understand. She's a sweet doctor in my opinion. She takes her time with you. I spent a whole hour with her as she cut out a spot that made me uneasy and we sent it to the lab. She also froze off what I asked her to freeze off. She took her time to look over my skin but did not check the bottoms of the feet and ears. I was told by Dr. Fennira that she is very good a surgically removing spots, her speciality is removing spots on the face.

Paofi Clinic, same office: Monday, Friday, Saturday
Tuesday, Dr. Ferial Fennira
Wednesday, Dr. Serge Ermolieff

Dr Fennira
PAOFAI CLINIC / PAPEETE-TAHITI
40-46-18-43

10-21 SV Sugar Shack She works on Tuesdays. She is very thorough, kind, and speaks English. My visit which included an exam and about 12 spots being frozen cost about \$65. I would recommend her!!!

5-21 SV Kiapa Nui - I recently saw Dr. Fennira per seeing her name in the TCG...thank you. :) She was as close to an derm you'd find in California. The best so far out

here. She took her time, she went over almost EVERY piece of skin (she even slid my boobs out from my bikini top and looked underneath), bottoms of feet and she looked closely at the ears. The only place she actually didn't look was my nor Ryan's bum. She zapped me 34 times. She speaks great English and is keen to practice more and more. She likes having foreigners coming in and the interactions. She listens, she explains, and understands other methods like using Efedex but uses that gnarly cream as a last resort. I had a spot on my arm that appeared AFTER using Efedex so she zapped it about 4 LONG times and really got it. She wants to see me again in 2 months for that specific spot and if it reappears she wants to take a biopsy. She was extremely thorough. She will cut out spots if needed anywhere on the body except for the face.

SV Tintamarre I saw a Dr Fennira at this clinic. Very pleasant lady, who spoke good English. Currently (in covid times) easy to get an appointment. If treatment is required the additional cost over a check up is only a few dollars.
Dermatologist Dr Jacqueline Obadia

Dr. Jean Pierre Bernadat

Clinic Paofai

Phone #40 46 18 18

Recommended by numerous cruisers:

Speaks very good English

9-21 SV Kiapa Nui - Paofi Clinic, 40-46-18-18 same office: Monday, Friday, Saturday is Dr. Jean-Pierre Bernadat (his name is on the office wall so when you call to make an appointment you say his name and the help desk will direct your call to his office)

Shared office with other dermatologists based on day of week.

5-21 Kiapa Nui - Can recommend him

10-17 Jacaranda

We found that he did a good job when both Linda and I went to him in 2017

2017 Naoma Thorough and direct. Kind of a no-bullshit "here's how it is" kind of guy.
Dermatologist Dr. Julien Levang (Taravoa -Port Phaeton)

Island: Tahiti

Dermatologist.

Dr. Julien Levang.

+689 87 29 08 20.

Located in the Centre Taimoe Bldg. 2nd floor across from the Super U on RT 3. The main number for Centre Taimoe is +689 87 79 48 24.

10-2020 SV Baloo He performed a thorough, full body skin cancer check on both of us. Speaks some English. Very happy with his work. Located in the Taimoe building across from Super U in the dentist suite, second floor. All our appointments were for 9:30 Tuesday, first come, first serve.

Dermatologist - Dr. Ermolieff

Island: Tahiti

Dr. Ermolieff
Paofi Clinic

4-21 SV Kiapa Nui from a group report of seen dermatologists in Tahiti.

Dr Ermolieff speaks great English, I've seen him at least 3 times, he's old school, does an okay job at looking over the body, will freeze off what he sees and what you ask for and he takes his time with you. He is very responsive to his personal email if you have it.

Paofi Clinic, same office: Monday, Friday, Saturday
Tuesday, Dr. Ferial Fennira
Wednesday, Dr. Serge Ermolieff
Thursday, Dr. Solene Ruiz
Saturday, Jean-Pierre Bernadat

Excellent place to get an ultrasound. She is from the US but has worked in France since her education. Speaks perfect English. Very knowledgeable/easy to get an appointment

10-2018

Emergency room care

Island: Tahiti

The emergency room at SAMU is well run and there are a number of english speaking staff. You are charged for a 3,600 xpf consultation fee and if it is after hours a 4500xpf surcharge. Ambulance service is free. On a recent 3/2017 visit for a broken arm we were seen in minutes, xray performed, reviewed by an on-call orthopedic surgeon, 24 hours of pain meds and a sling provided were provided free of charge. Total cost was 13,600 xpf (\$126 US). Knowing our limited French they arranged a hotel at 1:30 am as returning to our vessel with a fracture humerus by dingy was not feasible

Endocrinologist (Thyroid specialist) Dr. Jessica Leogite

Dr. Pierre-Alain Cougard.

Hepato-Gastro-Enterologue (Gastroenterologist).

Clinique Mamao.

40 50 69 00.

12-21 SV Kiapa Nui Speaks excellent English, including medical terminology. He is timely, very friendly, skilled/experienced, professional, and has a great 'bedside manner'. We were referred to him by our GP Dr. Prevost. He and his husband own the clinic with their offices and the procedure rooms. I don't remember the name of their anesthesiologist but he was also good (but only speaks French). Dr Cougard's staff of assistants and nurses was also exceptional. The facility was clean, well equipped, comfortable, and modern without being "flashy" if you know what I mean. After the procedure Dr Cougard met with us to give a detailed report of his findings and to answer any questions with patience and detail. When I had a last minute question on the Sunday afternoon before my procedure I sent a message to his clinic email address and was stunned to quickly get a personal reply from him answering my question in a friendly familiar but professional way. So far he's impressed me to the point I'm comfortable ranking him amongst the top doctors I've experienced.

Gynecologist Dr. Violaine Bertrand DINH-GIA

Optometrist Dr. Nochez Yannick

Island: Tahiti

Dr. Nochez Yannick, Opthamologiste

Center Medical Prince Hanoi

3-2021 SV Auntie Recommended by friends of friends. Made appointment by phone for 2 days in future, arrived 30 mins before scheduled appt, receptionist had no record of appointment but remembered the phone call, re-scheduled me for 11 days in future. While I was pondering the wisdom of returning, I asked 1 other patient In waiting room if they thought the doctor was good. Reply was not so much, "it takes him 10 appointments to do what other clinics can do in 2 appointments". Never saw doctor, no first hand knowledge, receptionist not friendly or helpful, made appointment at a different clinic.

Side note: I've learned it is best to go to the clinic /office to make the initial appointment as you then have a piece of paper to show receptionists.

Optometrist: Dr. Laurent Grillot (Taravoa -Port Phaeton)

Island: Tahiti

Optometrist:

Dr. Laurent Grillot.

+689 87 32 26 09.

Located in the Centre Taimoe Bldg. 2nd floor across from the Super U on RT 3. The main number for Centre Taimoe is +689 87 79 48 24. Offices located at the opposite end of the dentist suite. "Maladies et Chirurgies des Yeux" (Diseases and eye surgeries).

10-2020 SV Baloo We had basic eye exams. Very up-to-date equipment and a busy

office. Speaks very little English. He has several offices in Tahiti. **All our appointments were for 9:30 Tuesday, first come, first serve.**

2500 fr/each for a full day if more than 3 bikes.

Prices for mountain bike are

1500 fr half a day.

2000 fr full day .

1500 fr/each for a full day if more than 3 bikes.

Price for a kids bike is 1000 fr full day flat.

Ear Drops

Ear Drops for Swimmers Ear

Island: Tahiti

A recent discussion in the FP Cruiser Facebook Page with a member looking for ear drops.

Making your own ear drops

A quick google search found a article by the Mayo Clinic —At-home preventive treatment. If you know you don't have a punctured eardrum, you can use homemade preventive eardrops before and after swimming. A mixture of 1 part white vinegar to 1 part rubbing alcohol may help promote drying and prevent the growth of bacteria and fungi that can cause swimmer's ear. Pour 1 teaspoon (about 5 milliliters) of the solution into each ear and let it drain back out. Similar over-the-counter solutions may be available at your drugstore

You can find isopropyl alcohol at some of the larger supermarkets, near where you find band aids, etc. It's a small bottle, 250 ml, labeled "Alcool pour l'hygiene cutanee". Hansaplast is one brand I found in a few shops and U has it's own brand.very common mix..

50-50 white vinegar and rubbing alcohol.. as noted in a previous post

jchristianlloyd@yahoo.com

9-2020 SV Claire de Lune This note is to post a positive comment about and the highest recommendation for Christian Lloyd. Christian was hired by me to help with a number of engine issues. They included oil leaks, fuel leaks, alternator belt issues, exhaust plumbing, and general engine room chaos. He worked on my list for a week, fixed everything, was always prompt, communicated his opinions on how everything should go, and was thoroughly professional. He brought his own tools, was careful about the rest of the boat, and will be invited back as the future demands. Should you need help with mechanical, electrical, rigging, painting, or fiberglass repairs, Christian should be your first call. He is anchored off marina Taina on s/v ManaKai and monitors channel 72..

6-2020

Without a doubt if you are looking for someone to assist you in either electrical assistance or mechanical assistance, I'd recommend contacting John Cristian Lloyd. A boat owner and cruiser himself, he approached each project I had (and there were many) with thoroughness, detailed attention (actually reading the product manuals and highlighting which of the various options available we chose to use for future reference for myself or other who may work on the systems later), has methodical attention, professional, honest, personable with a complete set of tools. All the projects he undertook for me were FULLY completed and to my FULL satisfaction (something I can not about various other "professionals" I've hired over the years). His professional installations of new electronic systems or mechanical systems were to the manufacturers recommended specifications and standards.

Work I had Christian do/install:

Electrical - Xantrex LinkPro battery monitoring system, Solar power panels and solar battery regulator, Balmar alternator and Max Charge MC-612 Regulator, wire a remote control for my Lewmar windlass. He recommended enhancements like a "kill" switch for the alternator which helped divert more hp to my smaller Yanmar during times of need and other improvements to enhance the overall motoring or sailing experience which I was either unaware of or not sure about how to achieve. Designed, wired and install new house and starter battery banks and labeled all wires (he labeled the wires without being asked which is so helpful and often times rarely done by many "professionals"). He ran and installed new wiring for interior lights and courtesy coxpit lights, recommended and installed all the incandescent bulbs for LED bulbs for all lights on my boat, LED spreader deck lights, new tri mast light plus installed and wired various fans. Cleaned up and bundled the rat nest of wires leading to my electrical panel and installed various buses which the previous owner had "jerry rigged", replaced blown LED indicator lights on the electrical panel, installed bilge pumps wired and plumbed them with thru hulls in my almas, installed electromagnetic sensors for float switches for some of the vessels bilge pumps where the float switches had failed repeatedly and recommended replacing cheap bilge hoses for approximate designed hoses which would not fail. My Raymarine instruments were not working properly and there were issues with previous installation. Christian rewired the units and properly sealed them and made modifications to the custom instrument box to prevent moisture and future corrosion. He also recalibrated the units.

Submitted by Kevin YS Nuku Hiva

I have a referral I'd like to propose for your services guide on your website. His Name is Christian Lloyd, he does mostly mechanical and electrical work. He is British, he and his wife live on their Trimaran Mana Kai in the bay off Marina Taina.

They were here in Nuku Hiva for some time and we did some work together of which I was very pleased with the results. I recommend him highly.

SV Manatee

I am writing to give my strongest recommendations for John Christian Lloyd for his excellent work on diesel mechanics, rigging and electric repairs.

I have know John for many years and have used him extensively in California when he helped us prepare our 52 foot ketch for world cruising.

For more information, see **Diesel Mechanic**

Christophe Monnier

Island: Tahiti

Christophe is a former nuclear electrician who moved recently to Tahiti.

He is very skilled and fast.

Speaks English.

Tel: 89 54 16 15

8-2018 SV Airborne

Yes, I would recommend him... when we first contacted him it sounded like he wasn't interested in the job as he works around Taina and we are in Papeete... but he showed up the next morning at our boat and had everything done in an hour, including going out and getting the wiring...

Electro Marine Services

Island: Tahiti

Electro Marine Services / Thomas DUMONT

phone 87313697

email: **emstahiti@gmail.com**

1-2021 SV Airborne Thomas is a capable and reliable electrician; he has worked with Christophe Monnier in the past year. Recently he reorganized the wiring of our helm station, installed new deck lighting on our mast and replaced a faulty shunt.

Guy Cordier

Island: Tahiti

I spoke to you on the dock the other day about the retirement of Richard Lecler. He passed on the name of a recommended and vetted replacement. The guy I contacted is named Guy Cordier, is French, lives aboard at Taiaina, sails to NZ in November every year for cyclone season. He speaks English pretty well as well as French and Spanish. He was prompt and thorough and fixed my stuff in good time. I had a 12v problem he searched out and solved, a 120v he searched out and solved and is going to help me replace my old battery bank and expand my amp hours capacity. He has a partner that he says is more a pure electrician but Guy does lots of other stuff (generator repair, watermaker repair, even epoxy and fiberglass repair).

His contact is as follows:

Guy (pronounced in the French way) Cordier
689 87.24.94.68
cordier.navigateur@gmail.com
Marine Elec

Island: Tahiti

Marine Elec
Alexandre
87 37 47 15
Email: Marine.elec@gmx.com
Papeete

Alex services Simrad, Lowrance, B&G, Garmin, Raymarine.
I can also work on sat phone issues.
Alex is the Raymarine warranty service / dealer for French Polynesia

SWR meter to check vhf and vhf antenna.

9-21 SV Nuwam2

I would recommend Alex Marine Elec. Alex is currently installing a range of electronics on our boat. Alex is professional and his work is very good.

9-2021 SV Ipanema Very please with Marine Elec!

12-2020 SV September AM

Alex was able to attend to our navigation electronics problem at short notice, after another appointment was postponed.
He diagnosed quickly and was able to communicate in English. Professional.

11-2020 SV Sea Bear

We recently decided to change from our AGM/generator set up to solar panels and lithium batteries such that we could be totally off the grid and rarely rely on our generator. Alex from Marine Electric installed 5 x 330w solar panels, 3 x 200Ah lithium batteries and all of the monitoring equipment that goes with it. His work was carried out with utmost care to detail, and very professionally. We were so impressed with his work ethic and the quality of installation. When we have had a few questions after the installation was complete, he's always been very responsive and helpful. We love our new set up and would highly recommend Alex if anyone is considering upgrading as we did!

5-20 SV Notorious

Very competent, meeting stable, speaks good English and is mega fair.

5-20 SV Capall Mara

Alex is excellent

10-19 SV Counting Stars

Alexandre at Marine Elec in PPT fixed my generator wiring. He shows up on time, makes everything perfect and extremely fair with pricing.

Sail The Way - Rudy

Island: Tahiti

Sail The Way - Rudy
Cell Phone: 87 300 864
email: **rudysailtheway.com**
languages: English, Dutch, German
Location: Papeete

2-22 SV Matador I can thoroughly recommend Rudy for electronics and electrical work. I have witnessed his work over a couple of years and his knowledge and work has always been excellent. I believe you can have complete confidence in a professional and timely service.

7-21 SV Harmony - Outremer 5X - Rudy was invaluable in assessing, troubleshooting and documenting our very complicated electrical systems onboard a European built vessel that had been retrofitted for the US market. Systematically Rudy deciphered the entire electrical system onboard, (including and robust and intricate Lithium system), made the appropriate improvements for reliability and safety and subsequently provided the necessary documentation to update the inadequate original vessel documentation. I cannot overstate Rudy's depth of knowledge in this realm and in a world where electrical system failure can be devastating especially in remote areas of the world, having the peace of mind knowing that everything was safe and rock solid was indeed invaluable. I should also mention that Rudy is sincere, fair and a pleasure to be around. I would absolutely recommend Rudy to

anyone for anything from the most basic to the most complicated electrical system requirements in French Polynesia.

Thomas Dumont

Island: Tahiti

Thomas Dumont

Electrician

Marina Taina

+689 87 31 36 97

dumont.tpro@gmail.com

01-21 SV Cyrolia I bought Cyrolia, a 2010 Jeanneau 53 in December 2020. Starting in January, 2021, I have been working with Thomas who has been an excellent installer, upgrader and has been able to fix just about any electrical problem I have encountered. He has installed a new GEL battery bank, replaced my charger and inverter with a Victron system, is gradually replacing all my Raymarine with B&G electronics, installed my AIS, GPS and Iridium systems. And we are redesigning and creating a new electrical panel. Because he is good, professional, reliable and fair, he is busy and should be scheduled so that you can design the systems from a bigger picture perspective as much as possible vs being reactive with fixes and installs. I highly recommend Thomas and he will continue to be my electrician so long as I am in French Polynesia.

Sin Tung Hing (STH)

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.528096

Longitude: -149.567219

[view in google maps](#)

Sin Tung Hing Marine is the official Lowrance, Simrad & Raymarine distributor.

STH Marine carries Lowrance radios (Lowrance, Simrad and B&G radios are mostly the same models sold under different brands)

10-2019 SV Panache

STH Marine are the authorized dealers for Raymarine (as well as other brands). Our

two chart plotters failed and Raymarine agreed to replace them under warranty. When ordering the replacement parts from France, STH forgot several items which delayed the installation by about a month.

STH Marine installed a new remote handset for my VHF but forgot to install the software update that is needed for it to function. I didn't realize this until we were about to leave and didn't want to risk a problem with a software update at that point. I reinstalled the old handset and will deal with the issue in NZ.

Refitting electrical installations (DC 12/24V; AC 110/220, 240V), trouble shooter for navigation systems and NMEA 2000 networks, Raymarine Specialist, autopilot repairs, complete refitting electrics and electronics after lightning strike, building lithium systems, installing and repairing all kind of electrical Charging and Distribution Systems, diesel engines repairing and maintaining.
Electrical/Electronic services

2-22 SV Matador I can thoroughly recommend Rudy for electronics and electrical work. I have witnessed his work over a couple of years and his knowledge and work has always been excellent. I believe you can have complete confidence in a professional and timely service.

.

1-22 SV Del Mar Rudy did some electrical work on our boat Del Mar while we were in Nuku Hiva French Polynesia. He did an amazing job at a very fair price.

We had had a persistent electrical issue (stray current) resulting in quickly deteriorating anodes on our folding props. Rudy had the specialist tools (SeaBis stray current detector), knowledge and patience to not only resolve the issue but he also took the time to make sure I understood the root cause and how to resolve similar issues in the future. Rudy is an extremely knowledgeable and experienced expert with a high level of genuinity. I very much recommend Rudy if you have any electrical, electronic or mechanical work you need completed on your vessel.

1-22 S/V Fleur Rudy did a first class job of sorting out an electrical problem on my boat, quickly and with no fuss. I highly recommend his services.

12-21 SV Mary Ann I want to send a recommendation regarding Sail The Way, both for electric/electronic work, and as a diesel mechanic.

He also worked on my boat to relocate a day tank and did a superb job.

Lastly, as we had to leave the boat while on the hard undergoing various jobs, Rudy took over the management of all contractors, and when I returned, all was done - and well done.

Rudy is a calm, organized and thorough man who knows what he's doing. Very highly recommended.

7-21 SV Harmony - Outremer 5X - Rudy was an exceptional resource in working through our B&G Zeus III system to solve and calibrate the auto-pilot system and failures to water ingress from a previous poor installation. A pleasure to work with and extraordinarily effective at troubleshooting and creative outside the box thinking. I would absolutely recommend Rudy to anyone for anything in this realm throughout French Polynesia. He will solve your problem, rest assured.

2-21 SV Spirit of Argo Rudy is one of those rare talented, methodical and efficient Ship Wright's. He can diagnosis and fix problems quickly. Finding someone like that is great, but Rudy offers something more. He is also a patient teacher, happy to train you to understand and fix your own boat.

Fortunately he anchored next to us in the Marquesas on his way to Tahiti.

Autopilot:. We had an intermittent fault we just could not diagnose despite immeasurable emails with the manufacturer. Rudy diagnosed the problem right away. A failing internal seal. He had the tools and patience to not only fix the problem, but train us to repair the hydraulic system ourselves should a seal fail again in the future. Invaluable knowledge!

Stray current:. How do stray currents pop up on an otherwise sound boat after a decade? Rudy taught us how! We were questioning why one section of standing rigging failed when Rudy came up with the suggestion to check for stray current on the boat. We had no idea where to start, let alone how to track it down. Rudy had all the tools to do a quick test of the hypothesis. Yes, we had a live stray current. He was so efficient at zeroing it in to some corrosion near a sea cock we would never have spotted under the engine. Probably saved our boat! This guy is good!

1-19 SV Rosa dos Ventos I (Edwin Bovill) am writing this email to give an assessment of work done by Rudy S'hut on our Brewer 44 Cutter (1989) Rosa dos Ventos in 2018 at Shelter Bay, Panama.

Electrical: Rudy S'hout installed a new Raymarine EV400 Sail Pilot system in our boat Rosa dos Ventos. Putting this state of the art system into our 28 year old boat was a challenge given the age of our boat and the complexity of the new system and fitting it together in an antiquated wiring system etc. Rudy S'hout did a superb

job. He is incredibly knowledgeable about on board electrical systems. The system has performed flawlessly up to the present time. I give him my highest rating (5 out of 5) for the work he did for us and will point out that my rating was echoed by many other cruisers in Shelter Bay.

Mechanical: We also had some problems with our Onan 6KW generator with which he helped us. Again he did a superb job trouble shooting and fixing both mechanical and electrical systems (5 out of 5).

2018 SV Pavo Real I would highly recommend Rudy-Sail the Way for those in need of electrical, diesel and general boat repairs. When sailing in Panama my vessel, a Lagoon 410 catamaran, was struck by lightning. It was a direct hit to the mast and the electrical damage was extensive. Nearly all the electronics on the boat were damaged. Navigation, radar, radios, charger/inverter, vessel lighting, engine sensors and helm gages were fried. I hired Rudy of Sail the Way to do the repairs. He did an amazing job. Rudy advised me to work together, to repair all the damage. The best way to learn about your boat and trouble shoot the things by yourself. Most of the boat needed to be rewired. He discovered many wiring issues beyond just simple repair and reconstructed the entire system including the electrical panel and breakers. All my systems now work better than ever.

When we were hauled out he discovered some issues with through hull fittings and removed old no longer used valves and repaired the hull. Once back in the water he was able to get my two Yanmar diesel engine running in top shape. Rudy advised me to work together, to repair all the damage. The best way to learn about your boat and trouble shoot the things by yourself.

We were truly lucky to have Rudy available to do the work. He was very busy with repair work on other vessels, including removing and repairing a keel on a large sailboat that had run aground. Fortunately, he committed himself to our job and installed systems as the arrived in Panama from the US. He is now in Tahiti and sailors there are lucky to have such an amazing individual available to their vessels.

2017 SV Tavae ,Venezia 42 (1998) various seasons en Panama with some problems to solve or new installations. I never had enough confidence in the professionals I was presented till a day end 2017 when an english sailor presented me Rudy who just arrived Shelterbay as a very skillfull Dutch for electricity, electronic, mecanic.

Rudy changed all the système of refrigeration/freezer, took abt 1000 m.of useless cables put during all these years. Install solar panels which gave us full electricity independence (no more generator abt 6 hours a day just for the fridge and water maker).

Total service of the 2 Yanmar engines, changed the propellers, verify and change seals of saildrive. Checked the rigging, etc . He tried hard to teach me how to repair in case...

Rudy KNOWS and find out to solve and on top, a very nice fellow. Just meet him and use his tremendous skill.

Carreira Industries

Sébastien Lutgen

Telephone 89 54 68 90

textech.distribution@gmail.com

Located: Taravoa

Background: For many years Carreira was the go to store for Sunbrella and canvas supplies in Papeete. During the pandemic they closed down.

In Dec 2020 it was reported they moved. A cruiser obtained the new number and called them.

Anyway, I just spoke to Sébastien the guys that runs Carreira, which I think is under a different name. He gave his email, since they are in Taravao now, and he doesn't speak much english he prefers to deal with people by email with details or what they need rather than the phone...

When I called him I actually asked him if it was Carreira where i was calling and he said yes. I explained to him that, people were wondering if he was still in business and he said "yes" but now we are in Taravao " I said people have been trying to reach Carreira but the old number doesn't work, so he told me he will text me the new email with his name and telephone number and he did right away, hope that helps....

Biminis, dodgers, cushions, yacht interiors etc.

Wide stock of sunbrella, fasteners, webbing, thread, foam open cell and nonwater retaining foam. They will also reburish boat interiors. Mark Bland is best contact with reasonable English.

Carpentry, Fiberglass & Spraying LP work
Christian Lloyd

Island: Tahiti

Christain Lloyd

Contact information:

87 26 49 65

jchristianlloyd@yahoo.com

9-2020 SV Claire de Lune This note is to post a positive comment about and the highest recommendation for Christian Lloyd. Christian was hired by me to help with a number of engine issues. They included oil leaks, fuel leaks, alternator belt issues, exhaust plumbing, and general engine room chaos. He worked on my list for a week, fixed everything, was always prompt, communicated his opinions on how everything should go, and was thoroughly professional. He brought his own tools, was careful about the rest of the boat, and will be invited back as the future demands. Should you need help with mechanical, electrical, rigging, painting, or fiberglass repairs, Christian should be your first call. He is anchored off marina Taina on s/v ManaKai and monitors channel 72..

6-2020

Without a doubt if you are looking for someone to assist you in either electrical assistance or mechanical assistance, I'd recommend contacting John Cristian Lloyd. A boat owner and cruiser himself, he approached each project I had (and there were many) with thoroughness, detailed attention (actually reading the product manuals and highlighting which of the various options available we chose to use for future reference for myself or other who may work on the systems later), has methodical attention, professional, honest, personable with a complete set of tools. All the projects he undertook for me were FULLY completed and to my FULL satisfaction (something I can not about various other "professionals" I've hired over the years). His professional installations of new electronic systems or mechanical systems were to the manufacturers recommended specifications and standards.

Fiberglassing - Christian noticed a few soft spots in my deck while installing new deck fuel fill caps and recommended additional stringers below deck which he did.

Christain is honest, thorough, informative, professional and personal. I'd recommend him to anyone who wants the work on their boat done right.

Luc Vacher Fiberglass work

Island: Tahiti

Luc Vacher Coponat
87737919

Best to read the reports about him in the refrigerator section. May want to stay clear based on his shoddy business practices and work ethic.

Repairs hulls, centerboards, rudders works with polyester and epoxy fiberglass, carbon, kevlar, foam, CP gel coat and paint.

2-2022 SV SV Luna I recently discovered a crack in one the stringers/lengthwise frame elements close to the keel I ended up hiring Luc Vaucher Coponat for the job. I am very happy about the whole process. Good work and good communication. I can definitely recommend him. For anyone interested.. The crack did not go into the stringer itself. It was the fiberglass bonding the stringer to the hull that had popped.

Incendie Moz Services

Christophe Collard

Vini (689) 87-32-01-01

christophe.collard@mail.pf

Usually every Saturday morning he is parked next to Marina Vairae. But he can also come to Cooks Bay or Oponuhu Bay to service your extinguishers.

He does not speak English but very willingly to work with Google Translate, etc.

Maybe much easier than trying to arrange service in Papeete.

10-2020: Sv Sugar Shack Several of our fire extinguishers needed to be replaced. Ocean 2000 had two 1kg extinguishers for 5800xpf which we bought. However, we needed two more. We contacted Christophe and were very pleased with his service. He was very responsive (French only) and offered 1kg extinguishers for 4800xpf. He met us at Marina Papeete with two new extinguishers and their certificates. In addition, he took our old extinguishers. Very nice, professional and willing to deliver to Marina Taina, Marina Papeete, Vaire Bay, Cooks Bay and Opunohu Bay. - I'd highly recommend calling him first!

3-21 SV ZwerfCat We have been over half a year in Tikehau and at some point we really liked to get some stuff from Tahiti. I'm super happy with the person I found to do shopping. He is really helpful, fast AND has a Revolut bank account (you can open such an account in a breeze online yourself if you don't have one yet). So payment is instantly. He also accepts PayPal. If you use Signal or WhatsApp, he takes pictures to ask you which item you meant if it wasn't clear. And he uses a handy shopping list in which you can upload pictures of the item yourself. There is no cash machine in Tikehau and we wanted more cash, so he has been taking money several times for us and just put it in the groceries in an envelope. He also went twice to Gondrand to collect our packages we ordered and added them to the Dory as well. Easy because Gondrand only has local bank account so it's more difficult to pay them. I think he

will do anything you want. Really helpful and nice. Speaks very well English. So I highly recommend him:

HMcoursier Personal Shopper

Island: Tahiti

- HMcoursier@gmail.com / 89 46 82 82

Very professional, organized and responsive service, in my experience the same price as Juliette.

3-2020 From Aline Tuamotu Kite School

11-2020 Requires bank transfer for payments. Difficult if you do not have a FP bank account or in a location that does not have a bank

Juliette Personal Shopper

Island: Tahiti

Juliette

rairoajuju@yahoo.fr

11-2020 Requires bank transfer for payments. Difficult if you do not have a FP bank account or in a location that does not have a bank.

7-2021 SV Stella Maris

Juliette is the best. Do it by boat shipping. Pick the right boat and 2 days later it is delivered!!!

We used her 3 times in the Tuamotus. She helps find the best boat for a quick transit time. Veggies and fruits still fresh! Some stuff in refrigerated. All was perfect every time .

8-2020 SV Ocean Blue

On Ocean Blue we can highly recommend Juliette who did a great job for us. Items were shipped to Fakarava.

3-2020 From Aline Tuamotu Kite School

Cruisers, especially those sailing in the Tuamotu atolls who are either avoiding or not allowed to go ashore for covid-19 related reasons:

There are many options for provisioning that do not require going ashore longer than to pick up a box from a cargo ship at the dock of an island of your choice!

It could cost you less* and include higher quality more diverse food options as well... (I'm on my 5th year here, this is how I do my shopping, then I give back the local populations in ways other than grocery shopping)

* less expensive, unless if you are looking to only purchase PPN « produit de primaire nécessité » simple imported food items like rice, beans, basic canned food, sugar, white flour and pasta, etc, which are the same gov't subsidized price at every island. You could also call the local shop and have them deliver to the dock.

Send your shopping list to a personal shopper on Tahiti:

- Juliette rairoaju@yahoo.fr

2000 xpf per shopping mission (per shop you ask her to go to) plus freight costs. Less expensive per shop if you request many shops.

*really nice, she will even go to the papeete market early Sunday morning to buy local organic veggies for you and put it in refrigerated freight on a cargo ship Monday morning like the Cobia or Dory. (Cobia departs Tahiti Monday and arrives at Fakarava Wednesday morning, about 500-1000 xpf to send a medium sized box)

With any of these options, they will send it to you anywhere in FP via cargo (much less expensive) or Air Tahiti fret (\$\$ per kg). Refrigerator and freezer freight normally available with all options (unless it's broken)

Cargo ships

Call to order 200 liter drums of gas or diesel, 2 stroke oil, propane, etc.

-@navette cobia 3 FB page for a picture of their weekly schedule for the central Tuamotu atolls. 40 43 36 43

-Maris Stella FB page for their schedules, their boats visit almost all of the atolls, but less frequently. The Maris Stella sets up a food shop with fresh veggies and fruit at the dock when they visit most islands. SMS 89 40 06 10 to order food, including PPN options and even ice cream, or gas before they depart Tahiti, they will not respond but don't worry your order will be in.

-Dory cargo, email broken, call 40 42 30 55, weekly visits to NW Tuamotu atolls.

Most inhabited atolls have ships from Tahiti about once a week. I only have experience with cargo ships visiting the Tuamotu atolls.

If you contact Juliette or HM, Make a list of which items you want, organized by shop, for example a separate list for Carrefour and PT and a marine shop for some boat parts while you're at it.

Payment is normally by bank transfer.

Easy!!

** it will be even easier for your second order

Maxi Tahiti Ordering by email

Island: Tahiti

Maxi

maxitahiti@mail.pf

Tel. No. 40430450

<https://www.facebook.com/maxitahiti/>

Info: For shipments to the islands, just send us your order either by emailing maxitahiti@mail.pf or directly on facebook by private message. You have the ability to visualize a large part of our products by heading to the " Photos " tab and then clicking on " Albums ". Prices are available here by clicking on the photos. Once your order is received, we will send you your pro-forma including the cost of freight. Then if you validate your pro-forma, you can pay either directly to MAXI or bank transfer. Once payment is received, we will deliver to the boat. For more information feel free to inbox or facebook message.

6-2019 Cruiser They have most of the same products and prices as PT, I have only worked with them once, a positive experience as well.

10-2020 SV Amilie I wanted to share an experience that I've recently had with Maxi in Papeete. In the past I've stocked up on bulk provisions such as nuts, dried fruit etc from Maxi and recently run out. The prices of small packs here in the Marquesas are astronomical, so it led me to do some research. Maxi offers a delivery service where ever you are in FPI. The minimum spend is \$150 to get the delivery which can be shared with others, although we had no problem in spending loads more. I contacted Maxi by email and they encouraged me to send in my order by messenger. Within an hour, the order, acceptance, bank transfer in euros and receipt had been completed. They packaged our goods, they called us to inform that the package was on the ship and the box arrived here intact yesterday on the Aranui V. The freight cost was \$15. Fantastic service, all in English and so easy. I would highly recommend this service and you don't require a postal address, a local number helps and an email address. I hope this information is helpful and certainly up to date. Keep safe and congratulations on becoming a grandparent, it is wonderful.

Before you do the money transaction, Maxi will inform you of what isn't in stock from your list, so there are no shenanigans of getting money refunded or disappointment. NatureBioTahiti (Organic)

Commercial: web@sipac.pf

Ship schedule: <https://www.sipac.pf/horaires-des-bateaux>

8-21 SV Bella Marina +1 for Sipac!

11-2020 SV Kiapa Nui

We used SIPAC per seeing Jan's description. Super easy to use, can use cc which is a plus for us, and only additional charge was the Cobia of a high price of 4000 xpf. ;) The boxes were well packed as was my wine. :) If I was at the store myself I would have picked through the fresh and picked the best but I won't complain...well just

a bit. They sent pretty moldy broccoli, 2.5 of the 6 red bell peppers were complete mush and I had to throw them away immediately, and about a third of the apples were pretty bruised. On the other hand, all the local grown produce looked great! They made a mistake which I did not notice as I ordered a shit load of food, but they forgot to send 3 packs of the Tiger Prawns. I ordered 3 other packs of shrimp as well so I can see why I missed it and them. :) I received an email the next day and an invoice showing the reimbursement to my cc "in progress". Good on them.

5-2020 SV Hanna

This company was recommended by the dive shop in Tikehau. They are a food importer and wholesaler. You can place an order with them and pay by CC. They will gather your order and place it on the ship to the island or atoll of your choice. You do not need to purchase case lots but can buy individual items.

It's a grocery importer / wholesaler which also sells retail to individuals, with some great pricing on some stuff I've seen. They deliver to the various islands with \$100 order. It might be something to look at, especially for long term provisioning. Most stuff is available by the piece, ie you don't have to buy a case of something, and lots of what they carry are regular retail portions. But if you want to buy a whole brie or 4 kg brick of Emmenthal, they've got that too!

I just placed an order with Sipac. I had a couple questions, starting with the shipping glitch mentioned above. They didn't realize that glitch but fixed it right away. Then I had a couple other questions and they answered pretty quickly via Messenger. Website is really pretty good. Payment with US CC was no prob. Confirmation email right away, and they also confirmed via messenger once it went through. I will post about it on FP Cruisers page once I get delivery, a week from tomorrow.

See their webpage for cut off times to have your order in by ship name.

From their website

Sipac at your service! Food wholesaler since 1974 .

SIPAC imports and distributes nearly 2000 product references , sold at retail and divided into 4 categories :

- Grocery
- Fresh (Delicatessen, Cheese, dairy, meat, ...)
- Fruits & vegetables (imported and local)
- Fresh frozen

A complete range of products for professionals in all business sectors :

- Hotels & Restaurants
- Snacks & Trailers
- Pastries, Bakeries & Caterers
- GMS & Local shops

- Communities (Schools, Communes, Associations, Army, Summer camps...)

Follow up from SV Hanna

As a follow-up, they sent invoices and bill of lading the next day, .PDFs via email. There are 4 shopping categories on their site: fruit and vegetables, fresh, (refrigerated: cheese, butter, meat, yogurt etc) frozen, and grocery (dry goods) / hygiene / household products. I ordered in 3 of the 4 categories and each category gets its own invoice and bill of lading. The bill of lading also tells you how many boxes there will be. From my one experience using Juliette for shopping, that's standard for BoL.

Tahiti Courses

Island: Tahiti

Tahiti Courses

Online grocery shopping & deliveries

<https://www.tahiticourses.com/>

They seem to carry a significant subset of Carrefour items.

Delivery to Tahiti and all islands, by air or ship. Online payment, accepts credit cards and Paypal.

Getting Around Tahiti

Walking in Papeete

Island: Tahiti

Walking in Papeete From the Papeete Marina to Fare Ute is 14 minutes at a steady pace. Ocean 2000 is twenty minutes as is Hyper Bricolage. Its similar from the bus stops if you're coming from the out lying areas. Champion is about 10 minutes from Marina Papeete.

If you are at Marina Papeete they have a loaner bicycle

Glasses (Prescription)

Cathedral Area

Island: Tahiti

See Opticians

There are two eye glass places bordering on the Cathedral square in city center.

One is directly across from the front next to Foodie's Market.

The second is across from Foodies and to the left before you get to Air Tahiti office.

For more complex prescriptions like bi-focal, no line, senza gray etc the glasses have to be made in France. But for reading glasses and more straight fwd prescription they can be made in papeete.

GoPro Cameras

Carrefour Taina

Island: Tahiti

Submitted to FP FB group 10-2020

You can get GoPros and accessories at Carrefour. Not really good prices but only place we saw it so far

The electronics store inside Carrefour Papeete

10-2020 SV Hedonsism They did have a few Go Pro items but was quite limited, mostly old stock I think

<https://maps.app.goo.gl/KJAwKx8pGVyuvkRo6>

Here's a place I found similar to Polynesia Trading Company and Maxi, if you and Chuck feel it's worth adding to the Tahiti Cruisers Guide. It's in the same building as the Faa'a Happy Market, but separate. Many of the same products as the others, pricing may vary a bit, some products a dollar or two more, others less. (Yes, i actually hit all three on the same day 🙄) I was most excited to find the 10# box of Quaker Oats, old fashioned, whereas Poly Trading only had quick oats, both worked out to half the price per pound as what I find in every magazin.
Ceciles Super U

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Lee Sui has two locations. One is a small but very convenient hardware if you're at the Marina Papeete. It is a block off the main road along the harbour Blvd Pomare and a couple blocks towards the market from Prince Hanoi.

The second shop is on Avenue George Clemenceau maybe 250meter east of the big traffic circle (three blocks from the waterfront). General hardware but also carry 2 part poly urathane and other paints. Reasonable selection of tools.

1-2021 Email reply from Alfred Lau at Apataki Carenage: The max length for monohull is 50' or more and multihull is 55' depending the model of the boat. The max draft is 2 m no more.

Be sure to book flights WAY in advance as they are often booked out months in

advance.

12-2019 An informative blog post by Bellamarina

http://svbellamarina.com/2019/08/07/cyclone-season-strategies-in-french-polynesia-hauling-out-at-apataki-carenage-in-the-tuamotus-archipelago/?fbclid=IwAR017qaTOVt7H0IXFHvECcSMqbl4MKsXs1zPaX8_yBscztjX9hhOaZN0eWQ

SV Oceans (added 12-19)

We were very disappointed. Our boat was filled with mold. The water line in our port hull showed a foot of water sat in there a long time. I turned off the bilge pumps since it was out of the water.(my guess they opened it up and forgot to close it up. They were to do regular inspections and send me email update. They checked it once. The list of repairs promised, never done. Crazy excuses. Then blamed me for everything. It was the worst marina experience in over 30 years of boating . Their documents state nothing is their fault and you have no recourse no matter what happens. It is a family business. The parents are very nice. The son is the weak link, very weak link.

Our boat is in excellent condition. I've never written such a review as this but I hope no one else to have such a experience.

Maintenance Marquises Service

Island: Hiva 'Oa

68987251649

Vincent Roche owner & mgr

Yard has space for about 50 boats. Haulout using a hydraulic trailer.
25tons 18m

1-2021 From Vincent the owner We can take catamarans and trimarans up to 57 feet. We are limited to 11 meters in width. For monohulls, we are limited to 2.5 draft. Boats should not exceed 20 tonnes.

12-19 & 11-20 SV Lady Jane Our experience in the yard was excellent , the new toilets and showers were installed when we were there and that made a difference to us as we stayed on the boat for a week before we left and a week when we came back

Make sure you plug all your holes to stop cockroaches and put down boric acid on surfaces inside. Plug your holes as soon as you get hauled out. We did find some dead ones in the bilge when we got back after two months but that was all. They did some small patch up of the copper coat for us and anti fouled the waterline. They also serviced our outboards.

They have a travel lift, travel trailer, and railway platform. They can lift monohulls and multihulls (cats and trimarans) and general facilities.

In November 2020 they will receive a new 50-ton travel lift and a new 50-ton trailer. Dominique is the manager and fiberglass expert and is fluent in English.

Carenage has 3 ways to haul vessels: Travel lift, Trailer, Platform. They can haul cats as well as monohulls. They also perform most of the haul outs on the charter fleet in Raiatea. Haulout & long term dry storage

7-2021 SV Capall Mara

We have just finished a haulout at Raiatea Carenage. On the whole it went well. The staff and workers were good and helpful. Our Only complaint was that they were constantly called away to other jobs. As the time dragged on this became frustrating. I voiced my frustration in the office. The owner came in and became verbally abusive and quite aggressive. He slammed the door in my face then threatened to throw us out and blacklist us!

The next day he apologized to John. His behavior was extraordinary. I will also add that from the outset Dominic did not like me having an opinion on a matter of dispute. I kept out of his way as much as possible. It is not the way we do things on our boat.

7-2021 SV Tintamarre Raiatea Carenage Services - the best service we have experienced in 5 years cruising

We were very lucky to be offered a place at this excellent full service boat yard in November 2020 for cyclone season storage. When we were hauled out they only had a 20 tonne lift but now they have a 50 tonne lift for Monohulls (width 5 metres) and a new self-propelled lift/tractor for hauling Cats (width 7.56 metres). They also have a railway system for short term stays for Cats (70 Tonnes, 11 metres) and motorboats that allows for very wide vessels.

On arrival we were concerned about how we would fit in the 20 Tonne lift as we have a high wind vane. We need not have been concerned, the yard staff and Dominique knew exactly what they were doing and took great care to haul us out, taking full responsibility for the extra work required to fit us into the lift. Tintamarre was stored on a full frame, not just individual supports, for the cyclone season. The yard

installed the boat covers after we left as we had to leave earlier than expected to ensure we could travel ahead of an impending lockdown in Europe. We had regular reports while we were away, with photographs where appropriate. The boat was in good condition on our return. It is worth noting that the water provided is high quality drinking water and safe to store in water tanks. They support 110v and 220V power.

We had agreed a schedule of work with the yard for a planned arrival in March but Covid delayed our return until June. We had excellent support sourcing parts and working with the yard so that anything that could be done would be ready for us on our return. The rest of the work was planned for the few days between our return and when we splashed. They also took delivery of some critical components shipped from Europe ahead of our return.

All the work we had done, which included servicing the hydraulic auto-pilot, anti-fouling, full engine service including cooling system, outboard engine repair and service and a short notice request to fibre glass in a bulk head was carried out on time and to a high standard and for a reasonable cost. For the first time ever we splashed on the day we had requested with all work completed. The new 50 tonne lift making the process much easier.

After splashing we had a few problems relating to work done in the past. All our requests have been dealt with in a friendly and professional manner. We found Dominique to be very knowledgeable and helpful. Without exception we have found the staff to be friendly and always willing to go the extra mile to support us. A particular shout out to the office staff for sourcing parts for us at short notice and to the engineers for the high quality of work.

9-2020 SV Sugar Shack

We had an amazing experience at RC specifically because of Dominique. He was extremely helpful, courteous, professional and beyond fair with us. I handled all of the communications directly with Dominique and was super pleased with his management skills. He worked hard and operated almost all the equipment himself at any given time. Never asking his staff to do anything he wouldn't do himself.

2-2020 s/v Alia Vita

We hauled out there in early 2020 and had the audacity to question something. The Boss (Dominique?) became extremely aggressive and dismissive. The biggest issue at that yard is that all the staff are terrified of him. We certainly wouldn't haul there again.

12-2019 SV Leonara

We had a reservation for hauling out our boat in December 2019. We arrived 2 weeks earlier in Raiatea and confirmed if everything was okay with the reservation. We didn't want to live too long in the Carenage (they have terrible bathrooms and showers there) so we planned around 4 days between the hauling out and our flights. Surprise surprise... the hauling out day came and they decided to tell us that they don't have the cradles for us. Dominique promised us the cradles will be done before our flights. Until now we had a good relationship with him and we trusted

him. We left Raiatea when SY Leonora was out in the belts of the lift. We didn't complain and still good relationship. We came back 3 months later... we had an appointment to splash again. The Carenage had a smaller travel lift than now and we had to take off the forestay. When the boat was splashing in the locker again we had some problems to put the forestay back (and some others small issues). All that took us like one hour. We told them "we won't leave until we are done and we probably need like 30 minutes". Dominique came very aggressive, rude and disrespectful. He said he will cut our lines if we don't leave now. I was scared and terrified with the situation. We almost lost our flights because his delay with the cradles but then we needed one hour and he wanted to cut our lines. Not very fair. He has a toxic behavior with the clients and his employees as well.

2017 SV Rumpus

Our boat has been at Raiatea carenage since 2017 and we have hauled out and splashed several times. We intended to sail west and then home to NZ in 2020, but... now it's on the hard and we are stuck in NZ (Covid19- no passenger ✈️). We have found Dominique and his team to be courteous, reliable, friendly and generally excellent. We have done our own antifouling work and they are helpful. Both my husband and I deal with the management. I find it easier to speak French with them than English and they are tolerant of my bêtises (silly mistakes). Dominique can be flirty but that's easy to cope with; a few well-chosen words. There are many times they have gone above and beyond to help us

Yvan - 87 74 85 60

SV Larka 2017

Have just completed 12 day haul out for bottom paint etc.

Can highly recommend Yvan and his team (87 74 85 60). Very careful with haulout on hydraulic propped trailer (no boat hoist)

Also excellent engineer - Patrick Heintre 87 300 625

(**multi-meca@mail.pf**) has lathe facilities and spares for Perkins engines.

Supermarket 2k away, chandlers 3k, with v large Ace hardware store another 1k.

Best to buy requirements from Michel B at Tiana Marina (87 74 10 02) and/or in Papeete and arrive there fully stocked.

It rains there occasionally!

Technmarine

Island: Tahiti

TechniMarine

Address is the end of Fare Ute but to haul out you must approach from the pass east of Papeete due

to the low bridge between Fare Ute and Muto Uta. Email: technimarine@mail.pf tel 689 40 43 02 22.

Manager speaks english.

Use VHF channel 09 when approaching lifts

For places to stay off the boat close to the yard see Hostels / Hotels

Have two travel lifts one is 75 metric tonnes, the other 300 metric tonnes. The smaller may not be appropriate for the width of some cats.

You can do any amount of the work yourself you wish. It is very convenient to all marine suppliers available in FP.

Electric and water are metered. But a few years ago they started charging a daily surcharge for vendors that are not supplied by the yard.

They have welders including TIG and MIG welding. They can spray in the yard (depending of wind conditions) including polyurethane. Staff are friendly and the facilities looked good for toilet and shower blocks.

1-2021 SV Barracuda of Islay

We lifted out at Technimarine in January 2021 to do some technical work and antifoul the boat. Florent is the point contact for yachts wanting to lift out. He speaks excellent english. They provided clear written instructions for lifting out. On our lift day we arrived early and were immediately lifted out by an extremely professional team. The boat blocked off exactly as we needed it and within an hour of arriving we were at work. We were provided with an english speaking point of contact called Teama for anything we needed. We did our own antifouling but we did need help with repairing a hydraulic ram. Teama found the necessary part and had another manufactured at Polyindustries and then arranged the welding and testing. They kept to the planned schedule and had us back in the water on time. They wanted to ensure our experience was good and found solutions to help us. This is a highly professional boat yard and we have no reservations recommending them.

10-2020 Numerous reports in the FP FB group with warnings for Catamarans hauling out that needed to

repair damaged keel or bottom. This has to do with how the Cats are blocked

Comment #1

FYI they had an incident with an FP or Lagoon (I forgot which) in May/June 2019 while we were there.

They needed to repair the forward corner of a keel so they only blocked the aft 2/3.

That resulted in the

aft edge of the keel being forced up through the hull causing significant damage. I

assume that's partly

why they want the plans now but regardless hopefully this info helps prevent a similar problem for you if

you're facing a similar repair... and they dinged that boat's bow with the travel lift while moving another

yacht.

Comment #2 I was hauled at the same time as well. Good size crack and what was worse, the owner had

to leave the country right away after it happened

Comment #3

They cracked the hull of the cat next to us in April.... similar situation

#4 Yard is requiring a document from Lagoon in how to block a Lagoon that needs to repair damaged

keel area.

5-2019 SV Nehenehe

We worked with Teama at Technimarine. We had our waterline raised, light sanding with new bottom paint, and struts painted with LP paint. This is a difficult review to write because everyone at Technimarine worked hard to complete the work nearly on time; including a full day over the weekend which is highly unusual to have done by this yard. While I truly liked Teama as a person VERY much.... He proved to be completely inept at his job as project manager, (he is new to his job). I would strongly recommend that you work with someone else. The long story is the following.... Teama did not track well with any of the project details, he either forgot things or got things mixed up. He said that supplies were ordered but they had not, he said the exact same bottom paint had been found and seemed to say that it had arrived on site, it had not. When I stopped by a week before the start of work... he said he had still forgotten to order the supplies! He then scrambled to try and find bottom paint, eventually found some, when it arrived it was not a paint we could use. Then just before work started....he still had forgotten the epoxy primer.... This process went on, and on.... They failed to haul the boat on time, they delayed three times, one of which was with 30 minutes notice and we were already underway in the pass when Teama called to cancel. When we finally arrived for the haul out we had to motor up and drift back down the river for three hours while we waited. After we discovered the incorrect bottom paint..... It was forced on me to make four trips and ten hours' time trying to personally return the bottom paint to their supplier. There are a lot more aspects to our difficulties at Technimarine than I wish to bore you with. In short it seemed that everyone else there was competent at their jobs and worked overtime to make up for Teama's numerous mistakes. All the other employees were efficient and made the effort to make us satisfied. While they easily could have been much better; I must rate this business a 5 out of 10

svattila@gmail.com

There is no shop which specializes in Cupro-nickel heat-exchanger repair. To effect temporary repairs until your new heat-exchanger arrives, there are various radiator-shops in town, in the Titioro area, they are able to solder the damaged heat-exchanger using hard-solder, but i prefer to do it myself, so i don't have an address or phone number. If the fault is not in the tube-stack, but in the cast-aluminium header-tank, there is a welder in valley of Tipearui, right after the Kärcher-shop, (Norbert-87747093, speaks fluent French :))

Kalei & Manu (Close to Carenaige)

Island: Raiatea

Kalei & Manu,

87 27 10 00 and 87 20 12 01.

west coast.easycar@hotmail.com

When hauled out at either of the Carenages in Raiatea, there is an amazing 3-room bungalow about a 10 minute walk away. I didnt find it until after I splashed, but it would have made haulout sooo much nicer. The cost is about \$100 USD/day. It is a beautiful little property with a pool and a dock, and they even have a rental car available (lowest cost I've found on island) should you want to supply/explore/dine out.

They also have a single rental came with a good price. They are lovely, so is their place!
O'rion

Island: Raiatea

orion.raiatea@gmail.com
Nicolas 87709901

Canvas, sails, laundry: O'rion opposite of the boat yards in Raiatea does good work. He is also putting the last touches to his bungalows that will be for rent (nice size, swimming pool, about 60 m from the 2 shipyards).

SV Mary Ann
Raiatea Location

Island: Raiatea

From SV Cinnbar One of the car rental agencies, **Raiatea Location**, also rents bungalows. I think they have 4, two with kitchenettes and no A/C, 2 with A/C and no kitchenettes (but of course they have the electric kettle). They are pretty rustic.

<https://raiatealocation.com/>
Sunset Beach Motel

Island: Raiatea

The Rigneys (KANDU) liked the **Sunset Beach Motel**. Good location but kind of pricey (I thought) unless you are a family.

<https://www.sunset-raiatea.pf/accueil>
West Coast Guest House

Island: Raiatea

From SV Cinnabar
Coconut Grove - This is probably the easiest and most cost effective option if you don't want to rent a car. Very nice and comfy, easy walking distance to carenage. So-called because you walk through a coconut grove to get to the house. Owner Allyson is very helpful and speaks perfect English. (Her husband is from the US.)

12-2021 SV Cream Puff During a recent unexpected haulout at Technimarine, we stayed at a studio apartment owned by Stephanie Betz. She is involved with the Tahiti Pearl Regatta.

Stephanie is one of the nicest hosts we have met staying at AirBnBs. We reserved on short notice and she worked things out for our schedule. The communication was prompt and courteous. Stephanie speaks excellent English. The studio is off Prince Hanoi near Boulangerie Firmin. It is well priced for Tahiti.

The studio is very clean, well equipped and comfortable. There is one large room that contains a queen size bed, table for eating and small kitchen area. A second room houses a large shower with great hot water and very good water pressure. There is also a washing machine. This is one of the few rentals that had extra supplies for our stay. Nearby is everything you need; Easy Market, a pharmacy, convenience store and bakery. Oceans 2000 is around the block, 5 minute walk. Technimarine is a 15 minute walk through a neighborhood.

10-2021. FP FB "Eve"

Planes flying into/from Papeete from other islands rarely align time-wise with international arrivals/departures. I found a small bungalow (run by an awesome Tahitian woman) about two minutes from the airport. She comes and picks up you and your luggage from the airport, takes you to her airconditioned bungalow where you can shower and re-organize (she has free Wifi too) and then she takes you and your luggage back to the airport the following day, or whenever your flight is. All

this shuffling of people and luggage is included in the cost of the bungalow, which was around 100 USD for 1 night.

We bought a new Icom radio (An IC-M330 not the model we wanted, but it works fine and they had it in stock). Matt offered to order the model we wanted, but it would have taken longer than we wanted to wait.

It is quite difficult to find as it is in a residential neighborhood. You basically have to have a car to get there. Here are the GPS coordinates:

17 degs 32.312 mins S, 149 degs 32.814 mins W

Matt was quite helpful. He speaks some English, but it takes some encouragement and a few words of French to get him started. They have radio test and repair equipment and are able to test and repair radios, but they don't have many spare parts on hand.

12-18 Jacaranda

When contacted by email about troubleshooting or repairing Icom HF radios (M802)

Hello, Unfortunately no ! We can only service equipment with RED CE 53 / EU / 2014 standard Local legislation prohibits us from importing replacement cards for non-CE equipment, even for passing ships, on temporary admission. Only the IC-M801E BLU is CE. Cordially

1-2021 DGX NO LONGER V-SERVICING FP

From Bob SV Hedonism 9-2019

I do indeed have a shipment that just sailed but have not received the final paperwork as of yet. I got the name of this consolidator from Russ on Uproar and used them back in March as well. I was pleased with their service so I am using them again.

I gave the name to Rick on Airborne and I believe he is using them shortly as well.

For receiving the shipment I just turned it over to Tahiti Crew (see Agents) to use their broker and take delivery for me. It was pretty seamless and they actually had their driver drop it off to me at Papeete Marina for an extra \$20. (cash to the driver) I forget the brokerage fees but they were reasonable I thought.

That order included 6 gallons of bottom paint, speed prop, 4 gallons of Barnacle Buster, a new water maker AC motor (I'm upgrading), pumps, and a bunch of other stuff. Vendors included Defender, Jamestown Distributors, Amazon to name a few. Each shipment went to the Consolidator with my personal "shipment number" everywhere. (paperwork, on the outside of the box and so on) The Consolidator was reasonable and there was a flat rated \$125.00 fee for Dangerous Goods. The weight of my shipment was 273 pounds and the shipping cost (less broker in Tahiti) was only \$155 not including the DR fee.

All in all, some of the items were quite heavy but they charge by the cubic meter so it was quite cheap. I am attaching my invoice as well as the Shipment confirmation number sheet that you receive from them prior to ordering anything.

Reyna's contact information is above including email, which is the only way I have ever used. Never had the need to call.

(From Chuck)

Like other shipping agents in the US you contact them and they will assign a Shipping ID number and instructions on how to label your incoming boxes to them. Note: "Yacht in Transit" When they have received all your items they will place on the next available ship to Papeete.

Island: Tahiti

Cybernesia is the cyber-space/internet cafe on the 1st floor in the Vaima centre, opposite Marina de Papeete. It has space for you to use their wifi on your own device, or you can use their computers. You get a wifi code for 1-4 hours access; 4 hours costs 1,000 xpf. You can only use their wifi during their office hours. They can also do your printing, laminating, scanning etc, and they sell computer supplies (cables, data cards, printer inks etc). Internet speeds are faster than we've found elsewhere. Open M-F 0800 - 1630, Sat 0830 - 1200
Internet Options

Island: Tahiti

Option A. Vini is one of two phone providers and they partner with OPT. Once in the Societies most of the islands have 3g with some 4g. If you plan to stay over four months getting a one year phone contract opens you to relatively cheap 3g data. One year phone contract costs you (as of 2/2017) \$82.28 (in US dollars.) The contract then gives to a phone number for 1 year with 30 minutes of phone time per month and 20 SMS messages. This also allows you to buy any of the following data packages: 1gigabyte for 1500xpf; 2 gigabytes/ month for \$25; 5 gigabytes/mo \$42. These work with most smart phones. The phone plan is one year but the data is only in three months blocks during which time you can increase your data plan but not reduce it. So you can also reduce or drop your data after you been at the same rate for three months. For instance if you go back to the Tuomotus, where there is only GSM (there paying the per megabyte rates might work out cheaper given such low bandwidth) you would not likely be able to benefit from a plan with more than 1Gigabyte a month. You can purchase the payment cards at Vini shops or the post office or at many magazines. If you go to vini with you exit papers or you ticket out of FP and a letter stating you are leaving the territory the contract can be terminated. PLEASE DON'T JUST SKIP OUT AS THIS MAY AFFECT FELLOW CRUISERS BEING ABLE TO GET THESE CONTRACTS IN THE FUTURE!

Option B: Vini also has a Data Only plan available for your smart phone or you can get a 3g router for 1xpf (not a typo.) The rates are the same as above and also have 10 gigabytes a month for 5000xpf. The contract is one year after 3 months you can reduce you plan and you can increase it any time. The least you can pay is 1500xpf for 1gigabyte /month.

To get a Vini contract you must get a letter from a marina saying you live at the Marina. The Yatch club provided the same for Mary Ann II such a letter (even though we only paid for the dingy dock privledge.) Marina Papeete has provided the same for others. You need the letter, boat papers, possibly insurance papers and passport. BE SURE THE ACCOUNT IS LOCKED; otherwise, if you run over, the per megabyte charges are very high. Install the Vini app to track your usage and any charges. One cruiser bought a Vini box and it used his allotted data in about a day, he returned the box and told Vini he was terminating the contract. Mary Ann II has had two months on the 2gig plan without any problems with data usage.

Vodafone operates 3g based service in Tahiti, Moorea, and Bora Bora only. They have a standard prepay card which for 1500xpf will give you 84 megabytes (fine for emais not much for web based activities like facebook) They also have a prepay plan now TRAVEL SIM for 4200xpf you get 30 mins international calls OR 30 minutes local calls OR 1 gigabyte of internet.

Option C: Buy a Vini Wi-Fi prepaid card. Cost are not by the megabyte but by the hour and bandwde can be very narrow. Cost are \$5 per hour for one hour and drop to around a dollar an hour for 100 hours. Nearly everyone who has used the hourly Wi-Fi system have seen glitches where chunks of time vanish from their account. In fact from about May 16 to October 16 a one hour Vini WIFI card never expired (those were the days!). In Papeete there are easily accessible Vini shops with English speaking staff, here buying the 100 hour cards is a surer bet. There is also a system WDG which is an alternative hourly WIFI system which seems to work well.

Other Options: At the Vaima Centre across from the Marina on second floor (first for Brits) there's an internet cafe with very good bandwidth.

5-20 SV Cream Puff

Based on a recommendation from the webpage of SV Jacaranda and their Tahiti Cruisers Guide we contacted Tahiti Wi-Fi for a router. It rocks! We now have excellent 4G service. The owner of the business, Jerome, is very accommodating and speaks French and English fluently. His office is at the airport but he met me at the marina. He lives in the area. It took just a few minutes to set me up. There is no charge for the router, we pay for just the data each month. The fees are reasonable. The router works in most FP islands. There is a coverage map on their site which is in French and English: <https://www.tahitiwifi.com/home.htm>

5-19 S/V "Nehenehe

Tahiti WIFI: We found them at the airport next to the rental car area; they rent

routers on their system for a standard cost of 13000 francs for 45 days with 10GB of data at up to 4G speed. They have worked anywhere that we can pick up a cell phone signal. They handle 5 devices at a time and can be topped off later on line if you need more data at a discounted price (if you negotiate with the 'boss'). The internet speed is fantastic and I highly recommend them. You seem to be forced into returning the router at the airport but I suppose this could also be negotiable? So far...I would rate them a 10 out of 10.

Fare Lumiere LED

Island: Tahiti

"Fare Lumiere LED, 6 Avenue Prince Hinoi, Cell phone: 87 72 62 62, tel: 49 93 68 36. Serge Leroy, serge@farelumiere.com www.farelumiere.com

We got made led light strips with cable for the engine room and for under the spreaders at The Led Shop in Avenue Prince Hinoi, just across the streets from the Shell Station and Hotel Tahiti Nui. Owner speaks English. It was not expensive - about 2000 xpf for a 50cm long light strip with cable, made the same day or the day after. He was a bit sloppy on the gluing, but everything works fine, so the only problem was esthetically. Had to pay cash.

Used for shipping items via ship down to Tahiti from vanguard in LA
Generalities

Island: Tahiti

Replacement of broken parts for a foreign "yachts in transit" is duty free but two customs applications are required: one when the item arrives and another when the yacht leave FP. This "duty free" exemption does not apply to any new items on your vessel only replacement parts, therefore you need to be ready to prove "replacement" when you leave FP although by keeping the old part (I doubt this is rigorously enforced.) This double customs applications also double the charges of the customs brokerage. We have heard of yachts having to pay a customs agent to come to the boat and observe replaced sails being destroyed. On the other the other hand we personally know two yachts who recieved new sails without any hassles.

You are allowed to receive goods valued up to \$200, including the shipping cost, duty free without requiring any duty or application to customs. Putting your yacht name on the parcel will insure you will not recieve the item without expensive customs agent fees. Using an address which is not a marina may also help avoid having to pay for an agent. We have recieved two parcels this way without requiring an agent.

Postal Service

Island: Tahiti

We have shipped several packages to the UK with OPT which arrived in approx. 10 days; cost for t-shirt sized packages was around \$14. After getting several quotes in the \$400 range to courier our radio to a repair centre in the USA we decided to ship via OPT, FP mail system. The cost was \$63, it was tracked and signed for but only up to the US border. The package took about 4 weeks to arrive in Florida. We also received a very small mailbag from the UK which took 5 weeks to arrive in Papeete. We used Marina Tahina as our receiving address invariably you must pick up packages from the OPT office after receiving notice of their arrival there was no fee for part which came free of customs charges but might have had a value of perhaps \$100. If receiving parcels to Marinas best to put your name without the vessel name.

Apooti Marina

(689) 40.66.12.20

marinaapooiti@gmail.com

<https://tahititourisme.com/en-us/business/marina-dapooiti/>

Apooti Marina is a small enclosed marina mostly full of charter boats. There is one wall that sailboats (mostly local resident's) .There is a guest dock which depending on size can side tie up to 3 vessels. Water and power are available. There is also moorings that are used by the charter fleet but we used for a couple weeks. Same price as the marina side tie berth.

Marina d'Uturoa

Island: Raiatea

Marina d'Uturoa

689 87305502

This marina is closer to town and also partial full of charter boats. In addition it contains permanent resident sailboats. Almost impossible to get into unless you know someone or you want a long term berth

marinataina@mail.pf

Modern well equipped marina, 10 miles out of town. It is close to a large Carrefour and has both coin operated laundry and free showers. Michel's Chandlery is in the compound. Friendly staff, diesel and water available for those on moorings. as of 2017 For us pedestrian class yachts under 60 feet the high season (1st March to 30th Sept) rate in the marina is \$1.00 per foot per day and one half that in the low season. Mooring are \$1.84 per foot per month year round for monohulls and \$2.76 for multihulls. Better protection than Marina Papeete in a north-westerly.

In the low season leaving your yacht for the "cyclone" season generally requires a reservation for you by June/July. The manager noted that during the only cyclone to ever come close to Tahiti, the marina lost two cleats with little damage to boats. Beware that agents have been known to claim that only they can secure a reservation, which the manager insisted is not true. The area does not usually require dehumidifier in the rainy season generally.

9-2019 Coral Trekker It is a good spot to be reaching all suppliers in Papeete town. Be careful they have dirty power !! Though European 220V they run on American 60 Cs. So many electric motors on European machines won't work.

9-2018

Hello all,

Just so that Papeete Marina is not singled out as the sole source of crime on Tahiti, be aware that my Hans Christian 43 ketch was broken into and robbed while in the anchorage off Marina Taina. The suspicion is that young people swam out from the beach next to the Intercontinental and broke in. Stupid things were stolen, including the ships papers, while other more valuable things were ignored or missed. A very old Raytheon VHF hand held, prior to the creation of Raymarine, was stolen and yet a new Standard Horizon hand held was skipped. A portable Olympus camera was taken while a more expensive Nikon SLR was left. The old Asus Atom laptop being used as the navigation computer was taken and a newer, more valuable Lenovo laptop was left.

I have heard from Philippe, the manager at Marina Taina, that there have been other break-ins in the anchorage as well, some with much more damage than was done to my boat.

So beware.

Mark

[view in google maps](#)

(689) 40.47.48.54 office
marinadepapeete@portppt.pf

VHF is NOT usually monitored.

There are no reservations except for the ARC.

Just come in and pick an empty slip and then walk up to the office to register

This modern marina with floating docks is very affordable in the summer months 1st November to 31st March. The cost for a 10 meter vessel (they use your registered length so bowsprits don't count) is \$81 a week. A 12 meter boat is 9763xpf in 2017. Winter rates 1 April to 1 Nov are 2.4 times higher (10 meter boat \$195 a week.) Slips in the winter are not always available. The electric and water are metered with modern prepaid card (240 volt only.) In the heart of the city it has security and of course hot showers and laundry. Best of all in the summer months an air-conditioned lounge with free Wifi. Staff are very friendly and helpful. In a strong westerly the swell through the marina requires vigilance with fenders and dock lines. In El Nino year one would need to have a well considered backup plan to stay here in FP summer. Some pluses include the food trucks a very short stroll away and Monday night half priced beer at the microbrewery. Champion supermarket is a ten minute walk and there are English movies on Thursday night.

5-19 S/V Nehenehe

Papeete Marina: We were here for two weeks. We have an over 26 foot wide trimaran that is usually hard to find a space for at any other marina. We were easily accommodated here. They have numerous multi-hull width slips. The staff is fantastic, they were unreal... We love them. Unfortunately the marina is currently under major construction that will last at least another six months. They had very little in the way of facilities because everything is torn up or fenced off for construction. There was NO Internet; the airconditioned lounge does not exist, one small washing machine (1,000 francs) that 55 boats were lined up to use (two machines were broken the entire time we were there), one dryer. The docks are very high quality. The marina is less than 60 feet from the downtown activity and

was a lot of fun to be in. However, I found it slightly awkward that there is a 300 foot walk outside the marina - along the main boulevard in town - to reach the showers and bathrooms. We saw no evidence of theft while we were there but just previously....our liveaboard neighbor had parts on his bike stolen while locked up at the bicycle parking area just inside the locked entry gate. The old night time guards were all fired and they recently have a new guard agency that is doing a much better job. Really enjoyed ourselves here and highly recommend them, especially once the construction is completed. (we are glad that Marina Taina would not accommodate trimarans). It looks like things will be amazing after construction is finished. I would currently rate them a 7 out of 10.

>>>>>>>>>>>>>>>**WARNINGS**<<<<<<<<<<<<<

9-18

Be sure to lock yourself in your boat at night. We were boarded and robbed of cash, cell phones and other smaller items on September 27, 2018 while we were sleeping. Only after this happened were we made aware of several other boarding's and robberies as the owners slept. The police and marina staff are not helpful in this regard. The security guard does NOT have a radio so there is no way of contacting them in an emergency. If you have an emergency on board I suggest you call the Port Authority on channel 12 for assistance, it is their Marina after all.

SV HEDONISM

9-18

Add us to the list. We were boarded and robbed in the same manner at Papeete marina 2 weeks ago. We were on the semi circular dock in front of the office.

I am a very light sleeper but didn't wake up. I am shocked at the bravery and apparent skill of this criminal.

After looking at how run-down marina Taina is and how far away it is from all the real chandleries and shopping we will still be using the Papeete Marina when we need a marina. We will be more careful though.

The criminal took a GoPro, cash, and an iPhone. He left two iPads and three computers that were sitting there.

Jon

SV Caesura

10-1-2018

FYI, yet another boat was robbed last night. That makes 3 in two weeks. All three were not locked. The robbery last night happened before 10:30 p.m. when the owner was at dinner. In the case of the other two, the owners were asleep on board when the robbery took place. Yet another boat reported hearing a person on deck in the middle of the night, but was not robbed. Rick on Airborne found a guy crouching behind the pilling at the end of his finger dock at about 10:00 p.m. one night who claimed he was fishing. He had no fishing gear with him and took off immediately. Tall, slim, in his 30s or 40s. Maybe not Poly, Rick wasn't sure. The stuff that was taken was limited to cash and electronics (cell phones, portable speakers, laptops, etc.). All three boats were monos moored bow to the dock. We are always locked

and have had no problems. The marina staff basically say it's not their problem. The "security guard" does not carry a VHF. The police say there is not much they can do.

SV Panache

11-18

Another robbery where the vessels main door was closed but the adjacent window was open for air. Thief reached thru the window and unlocked the door. Items stolen: unknown

12-18

Reported a vessel was boarded while a young couple with 2 children were sleeping and a number of items were taken. The boat was NOT locked up while the family was sleeping.

This seems to be a common occurrence with this marina. Fenced and guarded does not mean safe. Multiple thefts over the past 3 years. **Please always lock up when leaving the boat and while sleeping.**

[view in google maps](#)

09-19 SV CAPALL MARA

We anchored close to the yacht club on arrival from the Tuomotos, but in the bay out side the channel. We dinghied in and tied up to their dinghy dock and found the office to pay for the dinghy. The manager, Jessee Besson, politely told us that this is no longer possible. We were able to take a mooring for 5 days which gave us the dinghy access and security. There is no anchoring in the yacht club environs as the area is very busy with small boats and canoes. The other area where there is a skate park is not secure to leave your dinghy - a "black spot" Jessee said.

Berths maybe available if a member is away. There are no visitors berths or moorings.

The anchorage around Tahiti Yacht club is generally in the twenty meter range. The club charges 1500xpf a week for the dingy dock and access to their hot water showers. They also have good clothes washing facilities. Carrefour is close and several food trucks come every night. Their moorings are rarely available and cost is high. You can take diesel but not water there but the maveuvoring room is very tight (wouldn't recommend for a full keel boat for sure.) You can occasionally get an end tie for a day or two on one of their docks. WiFi is available from adjacent cafe from the WDG pay-as-you-go cards.

Located next to the large ball field near the roundabout in Uturoa.
Across the street from the Phamaracy

Can order items from their Papeete store and have it shipped in

Addendum for Marquises and Tuamotus

Island: Tahiti

Check out the Tahiti Cruisers Guide for who might carry what boat part you need. Remember Papeete shops supply the whole of French Polynesia so shipping to other Archipelagos is everyday business for them. So if you need something and don't what to pay extra to an agent then: 1) get a prepaid land phone card from OPT, 2) phone one of the shops in Papeete if they have your item, 3) give them your name, boat name and harbor you'll be at, 4) they can either email you their payment info or give it to you on the phone. A small item cost us 1000xpf (\$10) for the shipping, 4) go to post office with the email and pay (in cash) the invoice into their account, 5) they give the package to the freighter company and you go to the dock and retrieve it when it arrives. Be sure to bring your identification although you probably won't need it.

Far and away best general chandlery for sailing boats. Stocks engines, mounts, some shafts, couplings, engine instruments, exhaust parts, hoses, lighting, electric parts, line, plumbing parts. Most staff speak English. Be aware the free French Polynesia Guide has the shop in the correct street but it is approx. 500 meters further east on Chef Vairaatoa. Owner is somewhat reticent about placing special orders which may be due to his not being able to compete with duty-free prices. (Yacht guide to FP map of location is off 500 meters)

Parts for Perkins, Hyundai, Isuzu, Sweden Marine Diesel, Kohler, Cummings.

The store owner was able to find a fitting hollow screw for my Volvo engine whereas Nautisport (the official Volvo distributor) was unable to find the part

Have a reasonable stock of electrical cable, fittings, breakers and lights.

Some SS fasteners on the side wall.

Ocean 2000 carries Racor filters and housing. They also carry Dahl Filters

6-2020 reported they had Inox BBQ's for sale

5-19 S/V Nehenehe

Very well stocked, helpful owner with a wife that is less so. Very good English is spoken. It seems like they had the most varied selection of general chandlery items of all four marine stores that I went to. Note that they have a 24 hour return policy that if exceeded becomes difficult to use; they tried to deduct 50% of the cost after 24 hours. Apparently... It is all in French at the bottom of their invoice. I would rate this store a 8 out of 10.

STH Marine did the 1,000-hour service on our Yanmar diesel engines. The mechanics were good, but their manager gave them the wrong manual and then interpreted it incorrectly. They set my valves incorrectly. It took me weeks to convince them that they were wrong. They finally relented, agreed I was correct and fixed their mistake. I wonder how many boats in Tahiti are operating with the wrong valve settings

STH Marine are the authorized dealers for Raymarine (as well as other brands). Our two chart plotters failed and Raymarine agreed to replace them under warranty. When ordering the replacement parts from France, STH forgot several items which delayed the installation by about a month.

STH Marine installed a new remote handset for my VHF but forgot to install the software update that is needed for it to function. I didn't realize this until we were about to leave and didn't want to risk a problem with a software update at that point. I reinstalled the old handset and will deal with the issue in NZ.

Sopom

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.531181

Longitude: -149.571491

[view in google maps](#)

Tel 40 43 91 19 Fare Ute have moved from their former location next to the bridge to the building between Ace and Nautisport.

Limited English speaking staff. Carry mechanical equipment for industry and boats. Found a flexible coupling there. Carry an RO water-maker and stock pickling agent and cleaning agent. Wide selection of hoses; large selection of control cables; ho da generators. Large stock of impellers. Dealers for Cummins and Nandi diesels. Big stock of filters. Check here for pumps, seals, engine mounts,etc.

10-2020 SV Hedonism

There is a Hydraulic shop associated with Sopom, around the side between ACE and Sopom. They shortened a hose for me but they had to reuse all of my fittings as everything they had was metric. Good guys and did it on the spot.

Tahiti Yacht Accessoire(TYA)

Longitude: -149.61497

[view in google maps](#)

Tahiti Yacht Accessoire

Michele Baltzer

689-87-74-10-02

tyaccessoire@yahoo.fr

Marina Taina

Best stock of line, webbing, chain, carries West Systems in bulk and dispenses at very reasonable price. Lots of stock which is less than obvious so be sure to ask. Is a wealth of knowledge about sourcing things. Speaks good English.

Michel has a surprising lot of electrical components in his small store. Good place to start your search

Michele often has Victron equipment / invertors

Stocks Danfoss compressors has the 35 and the 80 model. In 3/17 he stocked a keel cooler type condensor.

In 3/17 stocked 5 Lofran windlasses and a large stock of gypsies.

10-2019 SV Panache

Michel Baltzer owns a chandlery at Marina Taina. He has high quality products and is very knowledgeable. He focuses on ropes, rigging hardware, chain, anchors, plumbing, fiberglass supplies, wiring, and some electrical parts. He doesn't handle boat maintenance supplies (polish, soap, oil, paint, etc.) For those products got to Sin Tung Hing Marine or Oceans 2000.

5-19 S/V Nehenehe

Tahiti Yacht Accessories: Excellent and highly knowledgeable business. Kind, helpful, and generous. Extremely well stocked for the size business. More parts for high performance boats than anywhere else. Excellent selection of cordage for our boat. I am left with the impression that the owner would sell the shirt off his back to help you out. I would rate them a 10 out of 10.

Notary (USA)

Notarize

Island: Tahiti

<https://www.notarize.com/>

12/20 Submitted to the FP Cruiser FB page

If anyone ever needs a US document notarized, you can do it online now. Earlier, I had to make an appointment at a US Embassy, have my shoes, ears and underwear checked for bombs (half joking) and pay \$50 per signature. One

document had 12 signatures - you do the math.

With this service, you just need a webcam and a somewhat decent internet connection, which admittedly is hard here. There are other companies and I have no connection to this one, but point is you don't need to go to the US Embassy for this nowadays.

SV Airborne 9-18

Nuatisport Outboard Service (SAV) 689-4053-3070 They are an authorized Suzuki dealer. We needed a two year service on our outboard and I don't like to change engine and lower gear oil over the water (the outboard is pretty much permanently connected to the dinghy - centre console). They came over and dropped off one of their staff who got in the dinghy with me to travel across the harbor (Papeete) to a boat ramp on the other side and they had a truck and trailer there to pull me out and take it to their service department. They then drove me back to Papeete Marine. The next day they delivered the dinghy back to Papeete marina and I then took them back to the boat ramp where we paid the bill. We tried to tip them but they refused. They are pretty much French only, so unless you speak French, find someone does to book your appointment. We got Franko at the marina to do that for us. Great service.

Jerome on WhatsApp +689 89 54

11- 2021: SV Sugar Shack Our Enduro 25hp outboard stopped shifting in reverse. Matt diagnosed the problem which was a lost, broken or damaged cotter pin on the shifting mechanism. Unfortunately, you had to completely take off the entire motor/powerhead to get to this part.

We stopped by the Yamaha Repair location (next to Nautisport and just down the road from the Yamaha dealership) and spoke to Jerome (he speaks English). They said it would take a long while to get the parts (due to covid), so we ordered them and had them brought in with a guest. Jerome picked up our outboard from Marina Taina (in front of the Fluid Dive center), had it repaired and returned to us within 2 days. In addition, they replaced our spark plugs and changed the oil.

The labor was a little more than we anticipated and the pickup/delivery was 7000xpf. We could have dinghied from Marina Taina to their shop, but then would have had no way to get it to their shop on land.

Overall, very pleased with their service, turnaround, and work. Super friendly, easy to work with, and they do what they say they are going to do!

Fuller Peinture

Island: Tahiti

Fuller Peinture in the Taiovale Valley, in Avenue Pierre Loti has a lot of paint, including one- and two component polyurethane. The prices seemed low, at least for the one-component we bought (about 2200xpf for one litre)

5-19 S/V Nehenehe

They have lots of paint but I would say Buyer Beware. We had a bad experience with them. I would rate them a 2 out of 10.

Hempel Distributor

Island: Tahiti

Hempel: 87251107

Buying directly from the producers saves a fair bit.
Hyper Brico

Island: Tahiti

Linear Polyurethane is available at Polynesie Pentures tel 40 53 17 53 in Fare Ute on Voie M. Natalie speaks very good English. They can mix any colour.

Two blocks from Ace hardware. Walk up the oneway diagonal street across from Ace past the Yamaha building on the corner and the next block on the left

Assuming you are "roll and tip'ing" or foam brushing then avoid the fast hardener, best to use slow or normal also Be sure to get normal thinner not fast. They also have the very best price on zinc based primer by far. For foam brushes go to Ace but small mixing pots go to Sin Tung Hing Marine. Sin Tung Hing and Ace both carry respirators with organic filters.

In the heat here any masking tape except 3m will leave a horrible messy glue residue Sin Tung Hing carry an assortment as does Nautisport and Ocean 2000.

Tahiti Ocean Mega Yacht agent

+689 40 42 80 31

Steve just discovered a closet in the mega yacht agent office at Taina and they sell all Epifanes products. Its right by Raiatea yacht

Ace Hardware

They are now carrying a French brand in a square can. We used this a number of times. Went on really nicely, slow drying so it spread easily thinned with mineral spirits . BUT any place we varnished that had high traffic hands touching it or arms resting on it was terrible. It became all gummy and took a big effort to remove it with a razor blade as we could not sand it off. With that said we will not use it again. Jacaranda

Personal Tahiti Guides

Corinne Mc Kittick

Island: Tahiti

Corinne Mc Kittrick

87-75-91-56

makanalani56@yahoo.fr

SV Jacaranda We can highly recommend Corine for a personal tour of Tahiti. She will pick you up and take you all around the island. Her knowledge of all things Polynesian is amazing. She has a PHD in Polynesian Languages & Civilization. She is fluent in English

06-20 SV Cream Puff

Excellent personalized tour covering the entire island of Tahiti. Corinne is very knowledgeable and loves to share her vast knowledge in a very personable tour. The tour is maximum of 4 people because that is how many fit into her car. J Corrine is an absolutely lovely lady born in Tahiti. She has good humor and speaks excellent English. Corinne will tailor the trip to your needs. Some of the highlights: waterfalls, a cave, gardens, ancient temple, Polynesian stories, different plants and their medicinal uses, beaches and more. The tour is relaxing and not rushed.

Our tour started at 8:00am and ended around 5:30pm (we were back around 6:00pm). Corinne included a bottle of water for each of us. Lunch was at a local restaurant and was fabulous and reasonably priced (not included in fee). Part of the fun was that Corinne added a few personal stops along the way; a veggie stand that she likes, a chocolate shop and a local artisan trinket store near the restaurant. If you book directly through Corinne the fee is a bit lower than booking through other sources. We highly recommend this tour.

Mobil Service station
A Cooking Gas Overview

Island: Tahiti

In Papeete you can purchase Propane or Butane. Propane comes in Green bottles. This assumes you're refilling yourself. At the Yacht Club there is bottled gas at the petrol station on the General de Gaulle highway just east of the club. In Fare Utu at the Mobile Station they will arrange refilling your bottles at the Gas plant nearby. The price is maybe 50% higher than self filling but certainly more convenient. If you happen to be at the Marina Papeete they have four carts available for the short walk. Turn over time is usually a couple of days.

Mobil station near Ace hardware (Moana).

They are able to fill US bottles.

Papeete - Moana - Fare Ute 43-84-28
Punaauia -Mobil Taina 45-54-80

Drop off Mon/Wed/Friday wait 2 days and then pick up.

Our US bottles are 30 years old and no questions about being certified, etc.

10-18

We delivered our blue, somewhat rusty camping gas bottles to the gas station outside Marina Taina. After three days, at picking them up, we were told that the factory found them too rusty and wouldn't fill them. Instead, we bought one of the bigger, carbon bottles they have at all stations, with a regulator. The price was 5500

xpf, of which about 3000 was a deposit for the bottle which we eventually will get back. It will cost 1700 xpf every time we change it
Campgaz Cooking Bottles

Island: Tahiti

We have had a number of folks looking for the larger blue bottles called Campgaz. After much searching including going to the Gaz plant in Fare Ute they were unable to find ones for sale.

Please let me know if you find these for sale. See picture

9-21 According to SV Capall Mara Ace Hardware in Papeete has all the fittings to fill your own bottles.

We tried to buy one in Tahiti even visiting Tahiti Gas but couldn't get one. You can get them refilled in Tahiti but be aware if considered too rusty they won't do it. We haven't been able to get the Camping Gaz refilled in Hauhine or Bora Bora. Purchased 13kg bottle instead and have decanted into our three Camping Gaz bottles. Good luck

Longitude: -149.567219

[view in google maps](#)

STH Marine carries Lowrance radios (Lowrance, Simrad and B&G radios are mostly the same models sold under different brands)

10-2019

STH Marine are the authorized dealers for Raymarine (as well as other brands). Our two chart plotters failed and Raymarine agreed to replace them under warranty. When ordering the replacement parts from France, STH forgot several items which delayed the installation by about a month.

STH Marine installed a new remote handset for my VHF but forgot to install the software update that is needed for it to function. I didn't realize this until we were about to leave and didn't want to risk a problem with a software update at that point. I reinstalled the old handset and will deal with the issue in NZ.

Close to Taina marina

9-21 SV Ipanema He is a young French guy who lives in Puna'auia, next to Taina Marina. He speaks a bit of English, he was very responsive to my calls and WhatsApp questions, he was very kind answering all my questions and doubts about my problem and he fixed my refrigerator for exactly half of the price of the main guy here.

But more important than the price, it was a pleasant experience. He seems to be eager to get more work.

I know it is just one good experience, but maybe it is another option since when I asked around, everyone I talked to felt really trapped by the alternative for this type of work

Luc Vacher-Coponat

Island: Tahiti

Luc does refrigeration repairs:
Tel: 87 73 79 19

Recent reports have been awful on this guy. Shoddy work, refusing to stand behind his work

Beware this is not a reputable refer guy!!

12-18 La Mizu

Would never recommend or use Luc again. VERY unhappy and disappointed with his work.

From the SV Bear 9-17

I can't recommend him. He showed up without a flashlight which gave me hesitation. He stared at the machines for quite awhile (3 hours), before adding refrigerant. My AC side of units compressor after his repair ran at 185 degrees and heated my engine room, obviously over charged, and I hope it did not damage the compressor. I saw him the next day and asked him to stop by, a no show along with 3 phone calls. We paid him \$150.00.

The engine driven side does not freeze.

Bear later reported that they had their fridge serviced in Raiatea and were able to resolve the issues created by Luc
Marine Refrigeration Mike Campbell

Island: Tahiti

Mike Campbell

Refrigeration and Air Conditioning - Installation - Maintenance - Repair
689 8964 3260
mikecamalila@gmail.com

Located in Tiana onboard SV Alila, 54 foot Irwin

This is the first fridge business that we know that solely specializes in Yachts.

We have heard of multiple folks with excellent experience using Mike

1-22 SV Hedonsim Mike Campbell, our friend and also the "go to" refrigeration guy came by to finish installing our new Danfoss BD50 compressor today. Mike needed to use his big 230 VAC vacuum pump to purge the system so the best way was just to "raft" with us for a few hours. It is very rare for a BD50 to fail but ours did after 16+ years. Mike actually had a new BD50 "in stock" on his boat!! Our new install also includes an air condenser in series with our Keel Cooler so should be pretty efficient and we will be able to run the fridge while "on the hard". Thanks Mike!

12-21 SV Cyrolia- Mike Campbell just installed a new Vitfrigo freezer unit on my

sailboat. Super happy with Mike, the quality of his service and work, and his British sense of humor!

And Mike: if you see this... my four tubs of ice cream are rock solid frozen!

7-21 Jacaranda - We returned to the boat in Mo'orea after an absence of two years and the fridge did not start. After conducting some tests at Mike's suggestion I contacted Mike with the results of these tests and Mike gave me a 95% probable rate that it was the controller. I replaced the controller and fridge is working now. Mike is a good guy!

7-21 SV Lilikoi Introduction: We bought our FP Lipar1 41 in Marina Taina in March 2020, then locked-down in Hawaii until this week. Finally got to our boat and the fridge didn't work. Looked for info on your guide and found Mike Campbell under Refrigeration repair.

Mike dinghies over the day after I asked him for help by email. He assessed the situation, went back to his boat for tools and materials, returned 2 hours later, trouble-shooted it to isolate the controller as the issue, replaced the controller and we have a cold fridge again.

Mike is prompt, courteous and professional, as well as a fun-loving guy with a great sense of humor. Highly recommend Mike in the Marina Taina area, and thank you for providing and maintaining your guide for cruisers.

1-21 SV Barracuda Mike came round shortly after we contacted him. He was quick to spot the problem (a change in our power management) and give advice. Definitely knows his stuff and is friendly, responsive and helpful.

11-2020 SV SV Mat-Lau III Mike has repaired and serviced our fridges twice now, latest Oct 2020. He knows what he's doing, and will also tell you if he's unsure if a particular fix will work, unless tried (in our case we took the chance - it worked). He has replaced copper tubing, bled and re - adjusted pressures, and also given us instruction on testing ourselves, if any future issues may arise. He always returns within a day or so, to ensure things are still working ok. Our fridges are now running perfectly.

He does answer calls or emails, and will come within a time span he has indicated. Also has a good sense of humor.

8-2020 SV Sugar Shack We thought we had a slow leak in our fridge. Mike came by to do an initial assessment and scheduled to come back with his tools and Freon. He walked Matt through testing different things to diagnose future issues, filled her up with Freon and gave us many laughs and giggles along the way. Even though he came for two visits and stayed a little more than an hour he only charged us for one hour. He is very professional, kind, and courteous.

Pacific Froid

Island: Tahiti

Pacific Froid

MOTU UTA PAPEETE
40-48-27-50
pacifique.froid@mail.pf

They are often so very busy that they miss appointments or dont answer the phone. By using Tahiti Crew(see agents)to make the appointment and follow up you may have better luck. Its worth the premium that Tahiti Crew charges to insure they arrive and complete the work properly

SV O2 5-19

Went thru Tahiti Crew... Pacific Froid came and fixed both fridge and freezer. Tahiti Crew was able to confirm appointment and follow up.

Its worth the extra premium Tahiti Crew charges as she will follow up with them to insure they arrive when scheduled
Techno Froid

Island: Tahiti

From Tahiti Crew after asking about who they suggest.

Techno Froid, ask for Manu. French speaking

One thing though is that techno froid works with agents only, as they had bad experiences of cruisers not paying their bill, I had them calling me once asking me to be the guaranty of a client who had contact them directly , otherwise they wouldn't work for him.

Christian Lloyd

Island: Tahiti

Christain Lloyd
Contact information:
87 26 49 65
jchristianlloyd@yahoo.com

6-2020 SV Solecito

Without a doubt if you are looking for someone to assist you in either electrical assistance or mechanical assistance, I'd recommend contacting John Cristian Lloyd. A boat owner and cruiser himself, he approached each project I had (and there were many) with thoroughness, detailed attention (actually reading the product manuals and highlighting which of the various options available we chose to use for future reference for myself or other who may work on the systems later), has methodical attention, professional, honest, personable with a complete set of tools. All the projects he undertook for me were FULLY completed and to my FULL satisfaction (something I can not about various other "professionals" I've hired over the years). His professional installations of new electronic systems or mechanical systems were to the manufacturers recommended specifications and standards.

Rigging - Christian also noticed errors in my rigging and redid various aspects of my rigging (which had previously been done by a " professional rigger" who had made do with what he was at hand but not done "by the book" and did not make the effort to recommend the proper parts or work.

Christain is honest, thorough, informative, professional and personal. I'd recommend him to anyone who wants the work on their boat done right.

4-2020 SV Baba Aroudj

I would highly recommend hiring Christian Lloyd for boat rigging and deck hardware installation and maintenance. He is a very careful and skilled worker, paying attention every detail before starting to work. he did a great job with the installation of a harken furler my my boat, and everything went perfectly at the first shot. besides, he is a friendly and nice man.

SV Manatee

I am writing to give my strongest recommendations for John Christian Lloyd for his excellent work on diesel mechanics, rigging and electric repairs. I have know John for many years and have used him extensively in California when he helped us prepare our 52 foot ketch for world cruising.

For more information, see [**Diesel Mechanic**](#)
Fenua Rigging

[www.facebook\fenuarigging\](https://www.facebook.com/fenuarigging/)
Located Taina

5-2021, Sv Marauder - helped a friend organize a rig-survey with fenua rigging. These guys were on time, nice guys, and they were thorough! Got the survey back within 3 days. I'd recommend them for another survey.

10-2020 SV Nuwam2 Emilien from Fenua Rigging fitted rigging on our boat and very happy with his work????.. They turned up at agreed times for quote and fitting. You can get them to fit your supplied wire or they can manufacture what you require.. French speaking but via email works well and on-site his partner speaks English.

9-2020 Fenua Rigging – our Experience, sv HEDONISM

I have been holding back on saying too much about Fenua Rigging as I am not one to go and say negative things about someone or a company however, I feel obligated to speak up so other cruisers are aware of the issues that we had so they can be aware that they MUST be supervised closely!

Our background: We have had Hedonism for over 15 years. We have un-stepped the mast a total of 9 times since new and have rigged it ourselves the last 2. (always been present for the other occasions)

We needed to do a complete standing rigging change. I contacted the OEM supplier of our rigging and got a complete list of the rigging as it was originally installed on our boat. The order was placed in June in the USA for a complete set of rigging including all turnbuckles, toggles, mast head toggles, back stay with SSB and so on. We have a Genoa and a Solent headstay.

I have been dealing with a health issue here since February and have been recovering so I decided to enlist the services of Fenua Rigging to do the heavy work, especially changing both forestays with the furling rigs. They quoted a labor rate of \$75 per hour (times the two of them so \$150 per hour) and the hours expected were reasonable.

When the rigging arrived, they arrived at the appointed time and commenced the work here at Marina Taina. Both Laurie and I were present there to assist as laborers and to observe.

They worked very quickly; too quickly in fact so they were prone to making mistakes and taking shortcuts. I am summarizing at the bottom but in one instance, a pin on the Solent stay was not only NOT secured with a split (cotter) pin, it had worked itself out to where the end was flush with the toggle. This was partially hidden by the furling drum that had been dropped into place. It was only that night when I suggested to Laurie to take a closer look, that I disassembled the furler enough so that we could raise the drum assembly up the foils to inspect. It was only then that we realized the significance of the poor workmanship.

After that, we had a meeting with Fenua to discuss the issues. Things improved

somewhat after that meeting; see bullets below.

When we got to installing our new Lower shrouds, they announced that the Terminal end fittings did not fit the mast back plates. After checking the Intermediates and Cap shrouds they advised that the Intermediates did fit but the Cap shrouds did not either.

The new shroud terminal fittings were manufactured by Hayn and the original ones by Gibb which is no longer in business. I was advised that I would need to order all new back plates from Hayn. Fenua supplied me with the part numbers that I would need and in fact, sent them to my rigging supplier. I arrange for air shipment and they arrived fairly quickly BUT when they did, I took them to check that the Hayn shroud terminal fittings would fit the new Hayn back plates; they didn't. I got a hold of Fenua to come and take a look which they did promptly. They agreed that they did not fit and offered that perhaps they could arrange a machinist to machine about 2mm off the outside elbow of the fitting. Well, "NOT on my boat" I advised.

I knew something was not right so I climbed the mast later and removed a stay to compare against the new Hayne terminal shrouds. Upon inspection it was obvious that the radius of the elbow was not correct when compared to the old one, the Intermediates and to the ones depicted in the Hayne catalog. I took detailed photos and forwarded them to the company that supplied the rigging. Their initial answer was that "Hayn terminals should fit Hayn back plates"! No kidding.... I pressed the company to send my detailed photos to Hayn which they did. Within an hour I got an email back saying that after viewing my information Hayn agreed there had been a manufacturing defect my terminals. (and others perhaps?) Hayn themselves built us a new set of Lowers and Caps and shipped them Air Freight to LAX and then prepaid my Air shipping cost to Tahiti. I was very happy even though the mistake cost us significantly, new back plates were NOT needed (Hayn's were identical to the original Gibb plates), delays, shipping, import fees and so on.

Why I am putting this information in a report on Fenua Rigging? Fenua should have seen the defect at the beginning (they are the riggers?) and should not have suggested that we needed new back plates or to "shave 2mm off" the fittings. (I also note that the QA at Hayn and the company that built the stays should have ALSO noticed the defect as well)

I have summarized the issues in point form below.

First episode:

- Solent Stay pin not secured with split pin and in fact, worked $\frac{3}{4}$ of the way out, still at the dock!
- Dragging shrouds on deck and the boom leaving large marks on the Gel coat and in the case of the boom, permanent marks on the paint. The Gelcoat was brought back only with 3M Imperial compound a lot of labor.
- Walked on our Hard Dodger without asking if it was okay to do so. Laurie had to stop him and brief him where he could and could not walk.

- Paint chips on the mast where stays and shackles were allowed to bang against the mast
- Furling lines on the headstays were not loaded back on the drums
- After installing the backstay, they were about to leave and I asked them why they did not re-install the SSB cable that they removed. They were not familiar with how to do it but tried. In doing so he just walked out on the boom but still could not quite reach. I was standing right there as he stepped onto our Solar Panel rails. We both yelled to stop but it was too late. We now have a bent tube that we still need to repair. And, he still did not do it correctly so I ended up redoing it myself later in a chair down the backstay.
- The Genoa luff feeder was installed upside down
- It took two full days to get the boat back in shape

Second episode:

- After the new back plates arrived and determining the terminals still not fit, I decided to proceed to have them install the new back plates so as to save time later. This involved removing all of the stays one by one. PRIOR to going up the mast I asked as to “how” he was going to prevent the “old” backplate from falling down inside the mast. He had made up this little “tool” to go in the socket of the plate but never used it. We decided instead to tie a string through a rivet hole and back out the socket. The first back plate had 5 rivets to drill out to remove the back plate. He proceeded to drill out all 5 at the same time and then used a punch to punch out the remaining rivet parts. On the first use of the punch the whole backplate dropped down inside of the mast where it remains... I asked why he did not attach the safety string after drilling the first hole? Pretty simple, drill one hole, punch it out, install the string and then do the remaining 4 rivets. They did NOT want to that. I insisted, so they did. It was at that point that I almost escorted them off the boat.
- Once finished with the back plates they tensioned and tuned the stays. When I went to feel the Cap shrouds, they were unbelievably tight. I laid down on the boom to eye the mast track and it looked pretty much like a hockey stick. I acknowledge that we still had the Lowers and Caps to install BUT I had instructed them to tune the rig to “go to sea” as at that point I did not know when the new replacement stays would be arriving. We ended up re-tuning the rig ourselves.

Other than that, they were better on the second visit. They took time and care to not drag stays on the deck, covered shroud fittings and shackles when raising and lowering them and so on. This was only after the “meeting” where I pointed out NOT to rush, I was paying them by the hour and close supervision.

In closing suffice it to say, I would not recommend Fenua Rigging, especially if you are not completely familiar with the rigging process. If you choose to do so, hopefully this report will give you an idea on what to watch out for. Other than the serious issues noted, I would summarize that they had no respect for our boat at all. It was almost as though they had always worked on older boats that perhaps, did not care.

BTW; We subsequently installed the new Lower and Cap shrouds ourselves when they arrived.

Bob + Laurie Mackie

9-2020 SV Takamoana Just wanted to give Fenua Rigging our appreciation. They provided a detailed quote to replace our standing rigging and delivered as and when they said. Follow up support was prompt and we are very happy. All European and Australian standard fittings and wire.

Mat Rigging Service

Island: Tahiti

Mat Rigging Service

+689 87720502

matriggingservices@gmail.com

Jonathann Morvan

Has a van to come to your boat with swedging machine.

5-2021 SV Esprit We used Mat Rigging to replace our shrouds on our Jeanneaux 44, SV Esprit, and can highly recommend Jonathan and his assistant Juan, for their quick quote and professional execution of the work.

12-2020 SV Barracuda of Islay

Mat Rigging have just replaced all our rigging and we are happy with the work done by Jonathan and his colleague Julien. They did the work at the technical pontoon at Marina Taina which has much better space and facilities for rigging work (rather than at Papeete). The timescale was very much driven by the time it took to import wire, furlers etc from Europe which slowed us down - so worth making sure you have agreed and checked the full spec and equipment requirements at the outset. Once everything finally arrived they did a good and efficient job.

11-2020 SV Tintamarre

Jonathan Morvan carried out a complete re-rig for Tintamarre. Initially this was just a replacement of our inner Ds. Jon did a great job, and we went ahead with the rest of the boat. This was not the most efficient way to carry out the work, as for each order we had to wait for the parts to be delivered in to him from Europe, (so you can be sure the components are new stock) and then for weather and Jon's availability (he is a busy man). He did a very professional job, and we are pleased with the work done. My only criticism is that he didn't always stay in touch as well as I would have liked...but actually, once he knew this was important to me things improved. Work is certificated.

9-2020 SV Influencer

We used Mat Rigging for replacement of a V1 and D2 at two different times. The work performed was of a high quality and fair price. We found Jonathan to be reliable

and a pleasure to work with. He went to great lengths to obtain parts during the lockdown crisis due to Covid 19. He speaks and writes fluent English.

3-2020 SV Shiraz

I can recommend Jonathan Morvan now the boss of Mat Rigging. Jonathan speaks good English. He ordered a stainless steel fork toggle for our forestay. It came from the Netherlands, not China. He and his coworkers did a thorough and professional repair.

02-2020 SV Shiraz

Mat the rigger has sold his company and sailed off with his family.

Jonathan Morvan has taken over. He's a young French guy who lives on a yacht in the Papeete marina. Keeps the same business contact details as Mat.

10-2019 SV Amilie

We were recommended Matt Rigging Services when in Marina Taina, again he seemed constantly booked up, when we contacted Polynesia Yacht Services(PYS) we were on the schedule and it was worth the 10% fee charged for going through Laurent.

10-2019 SV Panache

Mat has a reputation as the best rigger in Tahiti. We had him inspect our rigging. He found several issues. The manufacturer replaced the parts under warranty and Mat did the installation. The inspection was 20,000XPF but money very well spent

10-17 SV Fandango Ian mentioned on the SSB Poly Mag net that he had great results with Matt re-rigging his boat. The prices were fair and Matt came in under his original quote. Ian said it was less than he would have paid in NZ.

1-17 SV Jacaranda We used him. He showed up at the boat when he said he would and charged us his quoted price. Good guy and would recommend him

Ocean Sails Tahiti

Island: Tahiti

Michel 689-8771-1686 (oceansailstahiti@gmail.com)

9-2019 SV Sugar Shack

We had **Oceans Sails** (Michel Pegart Maitre Voilier) do repair work on our sail bag and he did not do a good job. After visiting his sail loft and speaking to him about types of threads used and process, we felt confident he'd do good work. We asked him to quote the repairs on our sail bag (strengthen and reinforce) and small spinnaker (we blew out clew). The sail bag was the priority as we had a backup spinnaker.

With the sail bag we asked him to patch the small holes, reinforce all stitching, reinforce the batten sleeves, and re-attach our name flap which came off. He said it would be "no problem, easy job, and could be done in a few weeks at very little money." Several weeks later, my husband went to pick it up and paid \$600 (more than a little money to us, but our bad for not getting an exact quote first). When my husband went to install the sail bag, he noticed several areas had the new stitching already coming out (Michel failed to lock stitch the beginning and ends). In addition, in several places the stitching was crooked when it should have been straight. Unfortunately, we had guests coming and needed the sail bag up. So, my husband finished with the install before we had to leave.

In addition, with the spinnaker he said it would cost well over \$1,000 to repair or he would have to cut it down and charge a little less. This is an 18-year-old spinnaker so it was not worth the cost to repair. We took it back.

We were very disappointed in the work from Ocean Sails. We had higher

expectations since he had several good reviews, the loft was professional and he "said all the right things." **Very poor craftsmanship and work.**

6-2019 SV Panache

There are at least two sail makers in Tahiti. Michel owns OST and does first class work. He is not inexpensive, but you get what you pay for. He speaks excellent English. We know several cruisers who used him and they were all pleased. He is located near Sailtech

<https://www.facebook.com/Tahiti-Sails-La-voilerie-de-Tahiti-1565124503784879/>

Very nice guys. See examples of their work on their facebook page. They do most of the mega yacht repairs.

11-2020 SV Tintamarre

We asked Sebastien and Guillaume to quote and advise for repairing our genoa and mainsail. They are not cheap; but they were happy to take time to discuss the repairs in detail in their loft, didn't mind that we declined to repair the mainsail (opting instead to replace using Zoom Sails) and collected and returned the sails to us promptly. We liked their service.

Oct. 2020: SV Sugar Shack

: Our main sail needed to be repaired and re-stitched. It is made of double layer dacron and weighs in at almost 300lbs. We decided to hire Tahiti Sails to help us with the repairs as we did not think our little Baby Lock sewing machine could handle the material. Guillaume (Marina Papeete) +689 87 33 73 33 (g.jestin@gmail.com). Guillaume usually picks up and drops off on Tuesdays and Thursday in Marina Papeete. We showed him the work that needed to be done which was mostly re-stitching and creating new covers for the head, clew, tack, and baton pockets. He said it could be done in a week at a cost of 40000/50000xpf (about 5/6 hours of work). He picked up the sail on Friday, had a quote to us on Tuesday, and the sail back by Thursday. At the shop, he tested all the thread to ensure it would not fail, added new tail tails, covered a few weak spots we did not notice and completed all of our original requested work. He was very professional, did what he said he was going to do and stayed in communication with us throughout the process. In the end the cost was 35595xpf. We are very pleased and highly recommend Tahiti Sails.

9-1-2020 SV Tourterelle

We used Tahiti Sails to fix our gennaker and were very happy with the result

6-2020 SV Cream Puff

We contacted Tahiti Sails for a quote for our two spinnakers. One of the sails had two small tears but the Mizzen Ballooner had a major blow out along the seam. Guillaume responded quickly to my email and an appointment was set for two days later. Guillaume arrived on time with a friendly smile. He took the sails to his shop so he could get a better idea of what needed to be done. The quote was reasonable. The repairs were made and the sails returned within a week. We were very pleased with the repairs and would recommend Tahiti Sails.

5-19 S/V Nehenehe

We worked with Guillaume Jestin <<mailto:g.jestin@gmail.com>> at Tahiti Sails. We have a DP Hydranet mainsail which is a difficult fabric to resew. We had him raise the clew, move the tack back, and repair significant damage to all seven full batten pockets. His knowledge, workmanship, and skill level were exceptionally high. I rate the business as excellent. He showed up exactly on time and completed the work. He replied to our emails very quickly and he is fluent in his English speech. I am highly impressed given that he was under the added strain of having an entire ARC

fleet in town and they were all clamoring for his attention. He worked over a holiday to complete the work at the promised time. I would rate their business a 10 out of 10

10-18

Tahiti Sails were helpful for the sliders we needed for the sails, and offered also to bring them down to Marina Taina for us

6-18 SV Jacaranda

We did not use them. After obtaining a crazy high quote to make a square window cover for our dodger. Told them to forget it. We had the cover made by another company 90% less than their quote!!!

4-17 SV Liward

We wanted to let everyone know about an excellent sail loft in Tahiti. They just did some repairs for Liward and we were very happy. Prompt, Professional, and Reasonable. They speak english.

6-18 SV Minyga

I would recommend Tahiti Sails - quick response from email sent to contact@tahitisails.com came to Taina Marina looked at job, provided quote by email and then job done and delivered promptly. No credit card - cash payment only.

10-2019 SV Panache

We were at Marina Taina for 5 months. It's offers much better protection than Marina Papeete at that time of year. The downside is that it is not near downtown and the bus system is irregular/undependable, at best. We purchased new 50cc Peugeot scooter from Bamboo for 300,000XPF, including 2 helmets, a rear storage box and two chain-locks. Vincent speaks excellent English and is very helpful. You don't need a special licence for scooters of 50cc or less. We purchased insurance at a store in the Carrefour Puna'auia complex. The scooter was a FANTASTIC idea and provided us with complete freedom while we were in Tahiti. It was easy to sell, and it ended

up costing us about 600XPF per day. The cost to rent one is 3000XPF per day.

Marana Solar

(need contact info - address, phone, email, etc)

12-21 SV FreeVol Excellent price (20,000 francs per 320 watt panel), free Taina delivery, perfect reception. They don't sell solar panels smaller than 320 watts

8-21 SV Hedonism

just bought 2 each, 340 watt panels from Ace's Solar store. I forget their name but they are part of the STH group. Just moved their store front to where the little restaurant used to be right on the corner between Ace Paint store and Ace Hardware. I priced the panels at Sunzil as well but the STH store was \$155 each or about 100 bucks cheaper (each) than Sunzil. The panels are the newer "split design" that reduces the partial shading issues, Yingli Solar. FREE delivery to the working dock at Taina included.

Sunzil Papeete

Fare Ute, Papeete

Martial Oberli (speaks English)

87-70-82-94 m.oberli@sunzil.com

There are very few 12V panels most are 24-48V for residential or commercial. But stock is constantly rotating so be sure to check it out

11-2020 SV Mat-Lau III Sunzil is a large commercial installer of solar systems in French Polynesia. They will also supply top quality batteries, solar panels and solar controllers to the boating community at reasonable prices. Sunzil supplied 9 off CsPower HTL 12-150 AH Gel Batteries to Mat-Lau III at a very competitive price in June 2019. We are very happy with the performance of these batteries. In September 2020, Sunzil supplied 4 off Jinko 340 watt solar panels, and assisted us with the importation of a Victron SmartSolar MPPT 250/100 Controller. Sunzil will not fabricate Inox frames for the panels, so after a hugely frustrating experience with every marine stainless steel fabricator on Tahiti, we finally found Metali'nox who fabricated the frame to our detailed drawings. Sunzil co-ordinated with Metali'nox to ensure the panels would fit.

The staff at Sunzil are very knowledgeable, and the proprietor Jimmy Wong and his Sales Manager Martial Oberli, were very helpful - both speak English.

We are 100% satisfied with our solar panels - what a difference it makes to have power to burn.

10- 2019 (S/V Moskito Valiente) At the end we bought with Sunzil and we're very happy with it in overall! :)

2017-2018 (SV Jacaranda) We have purchased a few different panels from Sunzil and have been very happy with the service and price. Martial even dropped them off after work at the Papeete Marina. Martial also shipped a panel to us in the Marquesas as well. Highly recommend them

Inov inox

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.554922

Longitude: -149.571348

[view in google maps](#)

Inov inox

Tel 87 78 83 99 They have a very high end plasma cutter which can make chain plates or tangs. They recently made a set of titanium tangs for a customer who provided the plate material.

They are in the Tipaerui Valley.

10-2020 SV Clair de Lune I used this service to manufacture new 316L stainless chain plates. They are a high end decorative metal fab shop and they use a water jet cutting table which can pattern. So they just chucked up my old chain plates, turned on the cutter and manufactured new plates with thicker stainless. The jet cutting was so good, I didn't even have to touch any of the eleven plates with a file. They just dropped right in. Everything happened as they said it would. I was very satisfied.

11-2019 SV Maluhia Here's the info on Inov Inox.

Brought SS bar stock from the US. Went to Inov Inox in the Tipaerui Valley on Monday. Showed them the original chain plates which had a slight bend at the top and had two welded washers, one on each side to increase bearing surface for the rigging pin.

They said it was no problem to make, would be done by the end of the week. On Thursday I called and left a message. Friday I called again and left another message. On the following Monday I went to the shop and was told that it would be ready maybe Wednesday. On Wednesday I called and was told maybe Thursday. On Thursday I went to the shop, and they said it would be done that afternoon and that they would deliver them to the fishing harbor near the airport as I was anchored near there. I said that would be great and to call me and I would meet them at the harbor.

At 3:00 pm I called and left a message. No return call was ever made. The next morning I went to the shop. Yes, here were the chain plates. When I asked why they didn't come or call they said they were busy and couldn't make it.

Unfortunately the mounting holes did not line up with the originals. The material I brought was now wasted. They apologized and said that they would make new ones and have them ready that afternoon. They had the correct material and said they would deliver them. Not trusting this I said no, I would come back to pick them up.

I came back in the afternoon. The plates were done. The mounting holes were aligned. Unfortunately the hole for the rigging pin was oblong and too big. They apologized and said it was difficult to find good workers. I was finished with Inov Inox and left with the plates but they did not charge me.

Jean-Philippe Petit

Island: Tahiti

Jean-Philippe Petit

Tel 89 53 68 40

jp.petit.53@gmail.com

SS& Aluminum welding and fabrication

3-21 SV Irony Big shout out to Jean-Philippe Petit for making and installing stainless steel davits. Awesome job.

1-2021 SV Stella Maris Jean Philippe made my new SuperWind generator mast . On design, on time, with outstanding service, materials quality and price. He is a Pro, he enjoys what he does and is always ready to contribute good ideas to improve projects.

11-2020 SV Sea Bear We recently installed 5 x 330w solar panels on our Leopard 44 cat. This is a huge array, but we wanted to be totally independent of our generator and be able to live off the grid. We were concerned about how/where we would install this, but Jean-Philippe came up with a great solution and build a very strong, robust stainless steel frame, that suits our boat beautifully and is aesthetically pleasing. JP takes great care to detail and is a bit of a perfectionist when it comes to the finished product. Honestly, you wouldn't know this wasn't part of the boat's original design! We were so please with his work, that we asked him to make a stainless steel platform that we could rest our feet on at the helm, and again,

he drew up plans and made a platform that makes our helm that much more comfortable and looks like it was meant to be. If anyone is in need of stainless steel work on your yacht, JP comes highly recommended!

9-2020 SV Claire de Lune Jean-Philippe is a rare craftsman of the highest skill level. He is even more unusual because he lives and works off his boat moored off Marina Taina. Jean-Philippe is punctual, organized, very professional, and of exceptional skill. His TIG welding shows his attention to detail as well as experience. I ask him to alter my exhaust piping and to alter my alternator bracket. Both chores were better than expected and show his understanding of design. He is very easy to work with, listens to your requests carefully, and confirms any questions. Should I need any welding services in the future, I will call on Jean-Philippe.

9-2020 SV Alila He has done some very good stainless tig welding for me. he makes up brackets for solar panels and general stainless steel fabrication. He is also a really nice guy

9-2019 Coral Trekker - He lives on a boat in Tainia Marina, worked at a ship yard in Guadeloupe, He has a mobile MIG/TIG welding unit. Comes with a Honda generator and Argon bottle in the dinghy alongside and welds all there is to be welded. Reliable on appointments and reasonable in price. Wants to get a shop onshore to do bigger things like bikinis etc. on land.

For more information, see [**Welding**](#)
Metali'nox

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.543446

Longitude: -139.544409

[view in google maps](#)

Tel 87 77 02 77

www.metali-nox.com

Specialize in Stainless steel railings and balastrades but can also fabricate binini and dodger frames. Owner is Stephane Wong speaks good english. They have MIG and TIG and a pipe bender. They are aprox 1.5 km up the road which goes north from the Pirae Marie. Be sure to call before you go. It is accessible via the small Hamuta or Arue bus. Get off at the Pirea Marie then walk to Intermat. It is the building behind Intermat.

11-2020 SV Moggy We had Metalinox manufacture a 1.5 metre long swim ladder from 42.4mm x 2mm wall, 316 stainless steel tube.
We supplied drawings and had phone conversations with Dan about the manufacture and in particular the bends required.

Overall we are happy with the result and we recommend Metalinox.

Potential customers should have realistic expectations.

Efficiency 5 out of 5

He got back to us in a very timely manner and answered all emails and phone calls promptly.

Speed of Manufacture 5 out of 5

It was to be finished with a time frame for delivery to us in the Tuomotus and he met that schedule easily.

Materials Used 5 out of 5

Exactly as requested

Welds 3 out of 5

The welds are strong but are rough. Many are undercut so Dave cannot polish them out. We understand that other people have asked for them to be tidied up and he has done this willingly. Unfortunately we did not collect the ladder ourselves and did not have this opportunity.

Bends 2 out of 5

These are a disappointing result. This could be due to communication error, but they are not in accordance with the drawings or our understanding of subsequent conversations.

Overall finish 3 out of 5

We knew when we ordered that he would not polish the ladder. To polish to mirror finish, a weld needs to be proud rather than undercut. As a result we cannot achieve a result that is commensurate with other stainless finishes on the boat.

Value for money 3 out of 5

It was a very expensive job for a strong, functional finish. If you want something pretty, this is not the guy.

We did ask him to quote for hinge fittings and the quote was around US\$90. We decided to import hinges from the USA for \$14

We understand that he is probably the best welder of this type in Tahiti. He is also very easy to deal with.

11-2020 SV SV Mat-Lau III Metali'nox are commercial and industrial fabricators specialising in sheet metal and stainless steel. They do a lot of decorative stainless steel fabrications for buildings and houses, but very little work in the marine

industry.

We had Metali'nox fabricate a stainless steel frame for the installation of 4 x 340 watt solar panels across the stern of our Lagoon 500. The end result was very impressive and we are 100% satisfied with their work.

I should stress that we supplied very detailed fabrication drawings, and Metali'nox followed them exactly as specified - they got it right the first time and we had no rework. They delivered the frame to the boat and even helped with the installation at no additional cost.

Metali'nox will not polish stainless steel to a polished mirror finish, but their 320 grit polished finish is very pleasing to the eye.

The Manager, Dan, speaks English and communicates by email with the assistance of Google Translate. He is a very likeable and helpful young man.

Surveyor

Christophe Citeau

Island: Raiatea

Christophe Citeau

Phone: 87796381

E-mail:chrisciteau@mail.pf

10-2020 SV Sugar Shack We are an American boat that required a SAMS/NAMS surveyor for our insurance. However, we got an exemption after we obtained a "sample survey" from Christophe Citeau. Our insurance approved him and we did an out of water survey at Raiatea Carenage 6 weeks ago on our Catana 471.

He was very thorough visiting twice. Once for out of water and once in water spending a total of 4 hours on the boat. He said 95% of the boat was in "good" shape which is true and great. The only options are "good" "satisfactory" or "unsatisfactory".

We try to be meticulous with our 20 year old gal and he was impressed by her condition. The only gripe I have is that he was unyielding on the value of the boat - even after I sent comparisons showing similar values. He was very unreasonable. Considering it was only an insurance survey. But the report itself was good other than the overall value.

He is based in Taha'a and will travel to other islands (at your expen.pfse). He charged us \$700 for our 47' catamaran.

3-2020 SV Malaika

Our boat was surveyed by Christophe Citeau in March in Raiatea and he was good.

12-2019 SV Nuwam2

We used Christophe when purchasing our boat in Raiatea and found him to be professional and thorough and reasonably priced compared to others. He required out of water as well as in-water tests/inspections and produced a in-depth report on completion. Highly recommended.

2-22 Reported closed since start of covid

I did find both peat moss and coconut coir at a shop called Indoor Culture Tahiti, on Prince Hinoi Street. The peat moss was not compressed and had “a small amount of fertilizer” mixed in. I bought a brick of coconut for 2600 xpf that was easy to carry back to the bus station.

Dolphins & Whales Spirit Adventure

Phone for Heifara: 87 78 68 86

Phone for his wife Celine: 87 36 59 91

<https://www.dolphinsandwhalespiritadventure.com/en/>

If you want to swim with the whales in Mo'orea Heifara's company is the very best. We call him the whale whisper.

We usually get enough people to rent the entire boat and he will come to your anchorage and pick you up. Much better as then you know everyone is a strong swimmer and you won't have to deal with inexperienced water people

Moorea Experience

Island: Mo'orea

Moorea Experience

(previously known as Moorea Safari Tours)

Phone: 87 72 84 87

Email: **info@moorea-experience.com**

<https://www.facebook.com/MooreaExperience/>

07/2015 SV Beyond Reach, Teare Back in 2015 my crew and I went on a tour with these guys. At the time the business was known as Moorea Safari Tours. It was a great tour, took all day. They picked us up at the dock and drove us all around Moorea and through the mountains. We stopped at several scenic places to take pictures, and our favorite stop was the distillery. Our favorite was the ginger liquor. Our driver/tour guide spoke english and was very friendly.

10/2020 SV Marauder, Teare & Martin We met up with this business again in October 2020. They are no longer called Moorea Safari Tours, though they still do their island safari tours. They've also added quads and horseback riding to their tours. We haven't tried the other tours yet but may look into it and update this later.

Temarama Tour

We can recommend Richard as a local tour guide. He is extremely knowledgeable about not only the history and culture but also the plants of the island. SV Jacaranda

Excursion Bleu

Island: Tahaa

We took this tour for an overview via boat of the island of Taha'a, which is directly across from Raiatea, and accessible only by private boat or little commuter ferries. We wanted to see all the highlights all at once before picking what areas we would re-explore at our own pace on Shindig.

There are many tour companies listed online for Taha'a - this one stood out by its referral from another cruising catamaran, Panache, who had just finished the tour with a party of six. We jumped at the opportunity to try it ourselves. Would give the day a 10/10!

Excursion Bleu: Motorized outrigger with shade gives you access to shallow lagoons. They can pick you up in the anchorage outside downtown Uturoa, Raiatea. Timeframe is 830 - 5PM. Cost 110,000 xpf per person. Email: **exb@mail.pf** or **excursionbleue@tahaa.net** Bruno was our contact - good email communication. We booked two days in advance.

The following activities were included: swimming with sting rays and black tipped sharks in open water, guided tour of Vanilla Farm with full process of growing and harvesting explained, snorkeling in the 1st of 2 Coral Gardens, buffet lunch in very pleasant setting, lagoon side at a local families home, guided tour of the Pearl Farm "Chan", 2nd Coral Garden snorkeling through very shallow areas with coral and fish, Tour of the Taha'a Rum distillery and transportation back to boat.

The highlights were having plenty of time in the water (3 different sessions), great pace of activities, conversational tour guide and driver, having guided tour in the 2nd Coral Garden, where we went single file following the leader through the maze of Coral. In addition to lunch, there were snacks, including rum punch provided, and at the end of the day, cold Hinano beers.

The group had a total of 10 participants, we were the only cruisers, English speaking and the oldest (!). It was a fabulous day spent as tourists, and highly recommended!

Vanilla Tours

Island: Tahaa

Vanilla Tours

Moe

Phone: +689 87 35 86 39

Baie de Hurepiti, Tahaa

Moe has a few bouts that are free of charge if you take his tour. We have recommended him to a number of people and all have been pleased. The tour takes about 3-4 hours and highly educational. I never knew vanilla required so much dedication

Located on the top floor of the Plaza Moai. This is on the corner at the junction of Rue Jeanne d'Arc and Place Notre Dame (the Cathedral Plaza). Go up the steps, to the second floor. And the shop is tucked away in the corner. A helpful locator is the Air NewZealand office. Google maps will assist too. (Patrick changed my watch battery for very reasonable cost)

Water Pump

Adrian Pataki

Island: Tahiti

Adrian Pataki

svattila@gmail.com

689 87 28 60 83

You may want to start with Adrian to begin with

He does Diesels diagnostics, repair, maintenance

But also just about everything else. He helped Steve with the autopilot yesterday and its fixed. Found lots of gunk in the fluid. And he also does xantrex inverter/chargers and water makers.

He's a good place to start!

2-2020 SV Avatar We would like to give a reference for Adrian Pataki. We have been in FP for 4 1/2 years. We have used Adrian in several capacities over this time. We have had him watch our sailboat, Avatar, when away on a trip to the US. also several mechanical projects, repairs and a gen-set replacement as he is the Beta Dealer for FP. Adrian has always been on time, does what he says he will do. And one of the few Marine Mechanics that I have been in contact with that does not overbook himself. I was in the Auto repair business for over 15 years and have known good technicians and Adrian in my opinion is good, honest, fair and knowledgeable. Shelly and I whole heartedly recommend him.

Spom - Carries some water maker pre-filters and EU watermakers

Sopom also sells waterpumps (e.g. for watermakers) and have knowledge about watermakers. They do also have a repair shop.

12-2020 It was reported to carry storage solution

Just to give you guys an update SOPOM did have an antifreeze gel that they sell for their Aqua-base watermakers

9-2019 Coral Trekker They are the agents for aqua base water maker from SCLE. They also represent Cummins-Onan generators and stock a big variety of Fleetguard filters. Awesome guy's excellent service and very professional people.

9-2019 SV Panache

Sopom is a sister company to STH Marine. My water maker had a slow leak at the one of the ferrules and was only operating at 2/3 capacity. The Sopom "specialist" came to work on our watermaker and told me that he couldn't fix the leak and that we would need to order a number of new SS parts. He also said that we had to chemically clean our membranes to improve production. I was able to fix the leak myself with fine wet/dry sandpaper and rubbing compound. I did 2 types of chemical cleaning with chemicals I purchased from them. No change. The problem was with the high-pressure pump, which I rebuilt and reinstalled. The system is now 100%. They were of no help whatsoever

Tel/Fax: 832458
Vini: 87296105/87279024
E-mail: giraultph@yahoo.fr

Located near Marina Tiana

12-2017 Irene

We had a crack in the combined bimini support and wind generator mast, which needed welding by TIG in situ. When we were moored at Marina Taina last December I asked advise from the Taina's director Philippe Olite on a suitable welder and a place where the welding could be done. He recommended Father Son team Philippe and Damien Girault and the work dock of Marina Taina.

Philippe Olite was kind enough to call the Girault brothers as I was afraid that I will have communication difficulties. We had to wait a few days because of very wet weather, and then took Irene to the work dock. Philippe Girault came as agreed with a van where he had the argon gas tank with a long enough hose to reach the work dock from the parking lot. Electricity was readily available from the work dock. The crack in the wind generator mast was quickly welded and Philippe repaired also our swimming ladders. He did not speak any English, but we had no communication problems. We were very satisfied with the quality of the work and price.

7-2018 Kyory

Franz also reported excellent results from some SS welding and polishing he had from Girault. We called them and they came down to Tiana marina to pick up the items to be welded. They were returned all welded & polished.

8-2018 Avatar

Communication was no problem as Phillips had a translator on his phone. On time did a great job in two hours covering multiple cracks at joints in the arch for solar and davits. Would absolutely recommend them and use them again. Painless job at the work dock at the Marina. Marina charged \$2000 francs for the dock which was fair App: Girault charged 7500F per hour

Inov inox

Tel 87 78 83 99 They have a very high end plasma cutter which can make chain plates or tangs. They recently made a set of titanium tangs for a customer who provided the plate material.

They are in the Tipaerui Valley.

10-2020 SV Clair de Lune I used this service to manufacture new 316L stainless chain plates. They are a high end decorative metal fab shop and they use a water jet cutting table which can pattern. So they just chucked up my old chain plates, turned on the cutter and manufactured new plates with thicker stainless. The jet cutting was so good, I didn't even have to touch any of the eleven plates with a file. They just dropped right in. Everything happened as they said it would. I was very satisfied.

11-2019 SV Maluhia Here's the info on Inov Inox.

Brought SS bar stock from the US. Went to Inov Inox in the Tipaerui Valley on Monday. Showed them the original chain plates which had a slight bend at the top and had two welded washers, one on each side to increase bearing surface for the rigging pin.

They said it was no problem to make, would be done by the end of the week. On Thursday I called and left a message. Friday I called again and left another message. On the following Monday I went to the shop and was told that it would be ready maybe Wednesday. On Wednesday I called and was told maybe Thursday. On Thursday I went to the shop, and they said it would be done that afternoon and that they would deliver them to the fishing harbor near the airport as I was anchored near there. I said that would be great and to call me and I would meet them at the harbor.

At 3:00 pm I called and left a message. No return call was ever made. The next morning I went to the shop. Yes, here were the chain plates. When I asked why they didn't come or call they said they were busy and couldn't make it.

Unfortunately the mounting holes did not line up with the originals. The material I brought was now wasted. They apologized and said that they would make new ones and have them ready that afternoon. They had the correct material and said they would deliver them. Not trusting this I said no, I would come back to pick them up.

I came back in the afternoon. The plates were done. The mounting holes were aligned. Unfortunately the hole for the rigging pin was oblong and too big. They apologized and said it was difficult to find good workers. I was finished with Inov Inox and left with the plates but they did not charge me.

Jean-Philippe Petit

Island: Tahiti

Jean-Philippe Petit

Tel 89 53 68 40

jp.petit.53@gmail.com

9-21 SV Ipanema Very good experience using JP!

9-21 SV Konbreo JP is the man. He did both the wind gen poles on my cat for me and did a great job

6-21 SV Barracuda of Islay Jean Philippe did Aluminum welding for us. Highly recommended.

6-21 SV Sea Horse Jean Philippe is great with SS and Aluminum -not cheap but Pro

11-2020 SV Sea Bear We recently installed 5 x 330w solar panels on our Leopard 44 cat. This is a huge array, but we wanted to be totally independent of our generator and be able to live off the grid. We were concerned about how/where we would install this, but Jean-Philippe came up with a great solution and build a very strong, robust stainless steel frame, that suits our boat beautifully and is aesthetically pleasing. JP takes great care to detail and is a bit of a perfectionist when it comes to the finished product. Honestly, you wouldn't know this wasn't part of the boat's original design! We were so please with his work, that we asked him to make a stainless steel platform that we could rest our feet on at the helm, and again, he drew up plans and made a platform that makes our helm that much more comfortable and looks like it was meant to be. If anyone is in need of stainless steel work on your yacht, JP comes highly recommended!

9-2020 SV Claire de Lune Jean-Philippe is a rare craftsman of the highest skill level. He is even more unusual because he lives and works off his boat moored off Marina Taina. Jean-Philippe is punctual, organized, very professional, and of exceptional skill. His TIG welding shows his attention to detail as well as experience. I ask him to

alter my exhaust piping and to alter my alternator bracket. Both chores were better than expected and show his understanding of design. He is very easy to work with, listens to your requests carefully, and confirms any questions. Should I need any welding services in the future, I will call on Jean-Philippe.

9-2020 SV Alila He has done some very good stainless tig welding for me. he makes up brackets for solar panels and general stainless steel fabrication. He is also a really nice guy

9-2019 Coral Trekker - He lives on a boat in Tainia Marina, worked at a ship yard in Guadeloupe, He has a mobile MIG/TIG welding unit. Comes with a Honda generator and Argon bottle in the dinghy alongside and welds all there is to be welded. Reliable on appointments and reasonable in price. Wants to get a shop onshore to do bigger things like bikinis etc. on land.

Metalinox

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.552167

Longitude: -149.544409

[view in google maps](#)

Tel 87 77 02 77 Specialize in Stainless steel railings and balastrades but can also fabricate bimini and dodger frames. Owner is Stephane Wong speaks good english. They have MIG and TIG and a pipe bender. They are aprox 1.5 km up the road which goes north from the Pirae Maria. Be sure to call before you go. It is accessible via the small Hamuta or Arue bus. Get off at the Pirea Marie then walk to Intermat. It is the building behind Intermat.

11-2020 SV Moggy We had Metalinox manufacture a 1.5 metre long swim ladder from 42.4mm x 2mm wall, 316 stainless steel tube.

We supplied drawings and had phone conversations with Dan about the manufacture and in particular the bends required.

Overall we are happy with the result and we recommend Metalinox.

Potential customers should have realistic expectations.

Efficiency 5 out of 5

He got back to us in a very timely manner and answered all emails and phone calls promptly.

Speed of Manufacture 5 out of 5

It was to be finished with a time frame for delivery to us in the Tuomotus and he met that schedule easily.

Materials Used 5 out of 5
Exactly as requested

Welds 3 out of 5
The welds are strong but are rough. Many are undercut so Dave cannot polish them out. We understand that other people have asked for them to be tidied up and he has done this willingly. Unfortunately we did not collect the ladder ourselves and did not have this opportunity.

Bends 2 out of 5
These are a disappointing result. This could be due to communication error, but they are not in accordance with the drawings or our understanding of subsequent conversations.

Overall finish 3 out of 5
We knew when we ordered that he would not polish the ladder. To polish to mirror finish, a weld needs to be proud rather than undercut. As a result we cannot achieve a result that is commensurate with other stainless finishes on the boat.

Value for money 3 out of 5
It was a very expensive job for a strong, functional finish. If you want something pretty, this is not the guy.

We did ask him to quote for hinge fittings and the quote was around US\$90. We decided to import hinges from the USA for \$14
We understand that he is probably the best welder of this type in Tahiti. He is also very easy to deal with.

11-2020 SV SV Mat-Lau III Metali'nox are commercial and industrial fabricators specialising in sheet metal and stainless steel. They do a lot of decorative stainless steel fabrications for buildings and houses, but very little work in the marine industry.

We had Metali'nox fabricate a stainless steel frame for the installation of 4 x 340 watt solar panels across the stern of our Lagoon 500. The end result was very impressive and we are 100% satisfied with their work.

I should stress that we supplied very detailed fabrication drawings, and Metali'nox followed them exactly as specified - they got it right the first time and we had no rework. They delivered the frame to the boat and even helped with the installation at no additional cost.

Metali'nox will not polish stainless steel to a polished mirror finish, but their 320 grit polished finish is very pleasing to the eye.

The Manager, Dan, speaks English and communicates by email with the assistance of Google Translate. He is a very likeable and helpful young man.

ago. She oversaw serious projects, such as repositioning my windlass, and simple
projects like switching to LED lights. Kept my boat safe from storms. I am very
satisfied with the service over an extended time, and highly recommend her service.

Polynesian Yacht Services (PYS)

Island: Tahiti

Polynesia Yacht Services (PYS)

Laurent Bernaert

Tel:(689)87 77 12 30

polynesia.yacht.services@gmail.com

Excellent reports from numerous yachts that have used Laurent. Speaks English

10-2019 SV Amilie We first used PYS when Oyster retained him as yacht agent for the 2013/4 Oyster World Rally

We contacted him, again, when in Mexico before departing for Nuka Hiva last Spring 2018

PYS use Kevin (NHYS) in Nuka Hiva and our Fuel Duty Free Certificate were available on arrival, together with Kevin sorting out the paperwork for our entry in FP

Marina Taina seems to be pretty well booked up whatever time of year & we've met many cruisers who've been denied berths and moorings because fully booked. PYS have arranged our bookings and we've always been allocated a berth.

We were recommended Matt Rigging Services when in Marina Taina, again he seemed constantly booked up, when we contacted PYS we were on the schedule and it was worth the 10% fee charged for going through Laurent.

We've had occasion to import spares, new sails & a new generator over the past 18 months, each time PYS have sorted clearance at Customs and delivery to Marina Taina within 24 hours of goods arriving in Papeete Airport.

As an avid cigar smoker I found myself ordering cigars through PYS to fly them to Rangiroa. They were bought at wholesale, not retail, and even including the 10% buyers fee and freight to Rangiroa they were 30% cheaper than the shop in Papeete.

If you want to enjoy cruising these beautiful islands & minimise the time waiting for spares & services we highly recommend using PYS."

Handles the Oyster Rally when it comes thru.
